Critics Mount Discontent At Pardons

WASHINGTON (AP) — For the second time this week, the issue of presidential pardon for Watergate has sent waves of criticism crashing over Gerald R. Ford's White House.

Ford on Tuesday authorized a spokesman to announce that the President was considering pardons for everyone connected with the Watergate scandal.

The resulting adverse reaction from Congress exceeded in intensity the largely negative response that greeted Ford's pardon on Sunday of former President Richard M. Nixon. Some public figures who had supported the Nixon pardon declined to comment on the news that Ford now was pondering blanket pardons.

"I hope this will get no further than a study," said Senate Democratic Whip Robert C. Byrd of West Virginia. "Making a second mistake won't help matters. Pardoning all those connected with Watergate would complete the cover-up of the cover-up."

Senate Republican Whip Robert P. Griffin of Michigan begged off comment, saying: "Let me think for a while..." Sen. Hugh Scott of Pennsylvania, the Senate Republican leader, declined comment, as did California Gov. Ronald Reagan. All three had previously voiced their support for the Nixon pardon.

Former Atty. Gen. Elliot L. Richardson, however, saw a logical connection between the Nixon pardon and Ford's announcement that he was studying pardons for others.

The pardon study "is of course made necessary by the other pardon," Richardson said.

But any such connection was denied by House Republican Leader John J. Rhodes of Arizona, who said he supports the Nixon pardon but "it does not necessarily follow that a similar pardon should be issued to those individuals under the former president who participated in criminal activity."

Two Watergate principals had differing reactions.

Convicted Watergate burglar Frank Sturgis said, "I think it would be a wonderful thing. I don't feel like begin a criminal all my life." Sturgis has served time for the burglary and now is free on appeal.

A more subdued response came from John D. Ehrlichman, Nixon's former domestic affairs aide and one of the cover-up defendants.

He said that the problem with a pardon "is that when you know you're innocent, it precludes the possibility that your innocence will be established finally." He would not say flatly whether he would not nonetheless welcome a pardon.

Sen. Sam J. Ervin, D-N.C., chairman of the Senate Watergate committee, declared: "I can't imagine that he (Ford) could possibly make such a mockery of the principle of equal justice under law by pardoning these men who undertook to steal from the American people their right to a free election and to undermine the process by which presidents are chosen."

after which authorities used fans and cut holes in the ceiling to rid the house of smoke and heat.

A partial investigation by Sheriff's Deputies and Harrison firemen came up with partially burned matches on a bed in the middle back bedroom where the fire appeared to have started.

Matches were also found scattered around the bedroom floor.

A type of burning fuel was also detected around the doorway to the bedroom.

State Fire Marshall Fred Greenawalt was then dispatched to the scene.

Ford Eyes Additional Watergate Pardons

WASHINGTON (AP) — President Ford is not at present actively considering pardons for all Watergate figures, but will weigh any request for pardons which reaches his desk, House minority leader John Rhodes said today.

Rhodes and Senate minority leader Hugh Scott, R-Pa., clarified Ford's Tuesday stand on Watergate pardons after meeting for one hour and 45 minutes with the President at the White House today.

Scott read a presidential statement which he said Ford asked him to give to reporters.

In it, the President said: "The announcement yesterday by Mr. Hushen concerning a study of the entire matter of presidential clemency and pardons was prompted by inquiries to the White House press office concerning Mrs. John Dean's reported statement in reference to pardoning of her husband and similar public statements on behalf of others."

"Such a study is, of course, made for any request concerning pardon of an individual. However, no inference

should be drawn as to the outcome of such study in any case. Nor is my pardon of the former president, under the unique circumstances stated by me in granting it, related to any case which is or may be under study."

As disclosure of Ford's consideration of possible pardons for all Watergate figures drew a tidal wave of criticism, White House counsel Philip W. Buchen declined to set a time-table for a final decision by the President.

But Buchen indicated Ford's study may not be completed by the scheduled Sept. 30 start of the trial of six former aides and associates of Richard M. Nixon on charges stemming from the Watergate cover-up.

Buchen rejected a reporter's suggestion that disclosure of the pardon study intruded on the judicial process and threatened the defendants' right to a fair trial.

"I don't think so," he said, because it is well known that a president can pardon anyone at any time.

Lawyers for the six defendants conferred for nearly two hours Tuesday to discuss a joint strategy in

view of Ford's controversial unconditional pardon of Nixon on Sunday.

The defense lawyers were elated at the disclosure by acting White House press secretary John Hushen that Ford has "the entire matter ... now under study."

But prosecutors voiced dismay at the White House disclosure, as did dozens of members of Congress.

"Pardoning all those connected with Watergate would complete the cover-up of the cover-up," objected Senate Democratic Whip Robert C. Byrd of West Virginia.

House GOP leader John J. Rhodes of Arizona, who conferred with Ford on Tuesday, said he agrees with the pardon for Nixon but "it does not necessarily follow that a similar pardon should be issued to those individuals under the former president who participated in criminal activity."

Sen. Sam J. Ervin Jr., D-N.C., who headed a Senate committee investigation of the Watergate scandal, said: "I can't imagine that he could possibly make such a mockery of the

principle of equal justice under law by pardoning these men who undertook to steal from the American people their right to a free election...."

House Speaker Carl Albert of Oklahoma said such pardons would "be viewed as an abuse of presidential power."

"Where would he stop?" asked Albert. "Would it mean that all politicians in trouble would be pardoned?"

Former White House aide John D. Ehrlichman, a defendant in the cover-up trial, would not say flatly whether he would accept or reject a pardon.

"The problem ... is that when you know you're innocent," Ehrlichman said, a pardon "precludes the possibility that your innocence will be established finally."

All together, 48 individuals have been accused of what are broadly termed Watergate crimes and 39 of these have pleaded guilty or been convicted. Some have served prison sentences, others are now in prison and still others are free on appeal.

Few Upsets Seen In State Primaries

By CARL P. LEUBSDORF

Rep. Hugh L. Carey scored a smashing victory in New York's Democratic primary for governor, while nine governors and five senators won easy renomination in the last big round of primaries to pick candidates for the Nov. 5 elections.

Although Tuesday was generally a good day for incumbents, three congressmen were defeated: Democrats Bertram L. Podell of New York, who goes on trial for perjury today, and Robert O. Tiernan of Rhode Island, and veteran Republican Glenn R. Davis of Wisconsin.

In the major races in 13 states and the District of Columbia, however, there were few upsets.

In Maryland, former state Sen. Louise Gore scored an unexpected victory in the Republican primary for governor over Rep. Lawrence W. Hogan, the first GOP member of the House Judiciary Committee to support impeachment of former President Richard M. Nixon.

Miss Gore will be a distinct underdog in November against Democratic Gov. Marvin Mandel, who easily won renomination. Other Democratic governors who won renomination were Reubin Askew of Florida, Wendell R. Anderson of Minnesota, Patrick J. Lucey of Wisconsin and Thomas P. Salmon of Vermont.

Also victorious were four Republican state executives, Govs. Francis W. Sargent of Massachusetts, Meldrim Thomson Jr. of New Hampshire, John Vanderhoof of Colorado and Malcolm Wilson of New York.

Wilson was unopposed for

nomination to a full term in the post he assumed when Nelson A. Rockefeller resigned last December.

The only incumbent senator with primary opposition, Republican Charles McC. Mathias Jr. of Maryland, easily won renomination.

And Sens. Barry Goldwater, R-Ariz., Jacob K. Javits, R-N.Y., Peter H. Dominick, R-Colo. and Gaylord Nelson, D-Wis., were all unopposed for nominations to new six-year terms.

In the District of Columbia, which is electing its mayor for the first time this year, appointed Mayor Walter Washington led the Democratic primary over attorney Clifford L. Alexander Jr. The Democratic primary winner will be heavily favored in November.

In New York, where Rockefeller led the Republicans to four straight gubernatorial victories, Carey had strong labor backing as he easily defeated former off-track betting boss Howard J. Samuels.

Samuels lost his fourth bid for governor despite backing of both the state Democratic organization and many party reform leaders in a primary that saw Democrats reject all major candidates chosen at a party convention last June.

They chose a woman, state Sen. Mary Anne Krupsak of upstate Canajoharie, as Carey's running mate for lieutenant governor and gave the party's Senate nomination against Javits to former Atty. Gen. Ramsey Clark, a transplanted Texan running on a platform of political reform.

Here are other primary results, by states:

—FLORIDA: Askew swamped three opponents, winning some 75 per cent of the vote. His November opponent is Republican Jerry Thomas, a conservative former Democrat. In the Senate race, millionaire drugstore owner Jack Eckerd defeated Public Service Commissioner Paula Hawkins for the Republican nomination to succeed Sen. Edward J. Gurney, who

chose to retire after his federal indictment on charges of bribery, conspiracy and perjury. Rep. Bill Gunter led the 11-candidate Democratic field. He faces an Oct. 1 runoff against Secretary of State Richard Stone.

—MASSACHUSETTS: Sargent easily defeated his conservative rival, Carroll P. Sheehan. Former state Rep. Michael S. Dukakis won the Democratic primary over state Atty. Gen. Robert H. Quinn. In an upset, veteran Secretary of State John F.X. Davoren was ousted by a Democratic reformer, state Rep. Paul H. Guzzi.

—MARYLAND: Mathias routed perennial candidate Ross Z. Pierpont and will run in November against Baltimore Councilwoman Barbara Mikulski, the winner of an 11-candidate Democratic race.

—COLORADO: Vanderhoof, who became governor when John A. Love resigned last year to become federal energy chief, defeated Denver millionaire Bill Daniels. State Rep. Richard Lamm, who led opposition to holding the 1976 Winter Olympics in Denver, won the Democratic nomination. Dominick will be opposed in November by Gary Hart, George McGovern's 1972 campaign manager and victor over two Democratic rivals.

—NEW HAMPSHIRE: Thomson, a conservative, won renomination over a Republican moderate, State Senate President David L. Nixon. The Democratic primary was won by former State Sen. Richard Leonard. In the race to succeed retiring Republican Sen. Norris Cotton, Rep. Louis C. Wyman easily won the GOP primary and will face Democrat John A. Durkin, former state insurance commissioner.

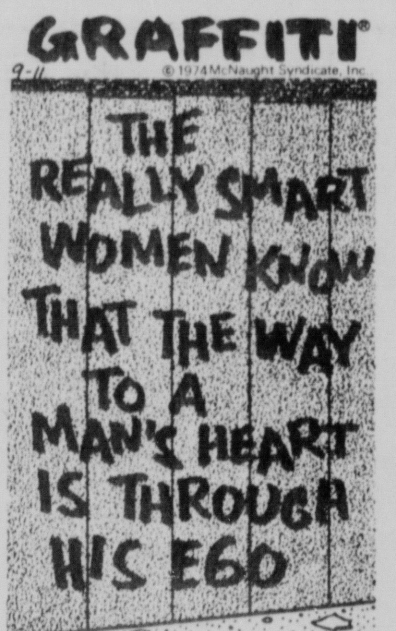

—VERMONT: Salmon, an easy winner, will face House Speaker Walter L. Kennedy, who defeated two GOP rivals. In the race to succeed retiring Sen. George D. Aiken, the Senate's senior Republican, Rep. Richard W. Mallary defeated former Federal

Power Commissioner Charles Ross in the GOP primary. Patrick J. Leahy, state's attorney of Chittenden County, won the Democratic nomination.

—CONNECTICUT: Former Assembly Speaker William Ratchford and consumer advocate Toby Moffett won the Democratic congressional nominations in the 5th and 6th Districts.

—UTAH: Democrat Alan Howe and Republican Stephen Harmson won nominations for the 2nd District seat of

Suspect Arson To Cover Ashville House Break-In

Pickaway County Sheriff's Deputies James Fite, Don Thompson and State Fire Marshall Fred Greenawalt, are investigating the possibility of arson in an early morning fire today in the village of Ashville.

The suspected arson-burglary occurred between the hours of 11 p.m. Tuesday and 3:45 a.m. today at the Dallas Damron residence. Damrons were out-of-town at the time.

A witness, Bill Crosby, found the residence ablaze and went to the Harrison Township Fire Department setting the alert siren off.

Firemen responded to the scene finding flames coming from the roof of the house.

Three hours after firemen arrived,

truck at the residence 11 p.m. Tuesday and everything appeared to be normal then.

The bedroom area where matches were found, appeared to have been ransacked, which gave authorities the idea of a suspected burglary.

A brother to Damron advised authorities, that a side door found by firemen to be unlocked, but shut when they arrived, was definitely locked prior to the occurrence.

Deputy Fite, Detective Thompson and Fire Marshall Greenawalt are continuing the suspected arson-burglary today.

While no estimate was made of any stolen items, fire damage was set at \$2,000.

Markets

NEW YORK (AP) — The stock market was mixed today in a holding pattern not far above its lowest levels in years.

The noon Dow Jones average of 30 industrials was up 3.99 at 662.16, but losers maintained a 6-to-5 lead over gainers in very light trading on the New York Stock Exchange.

Analysts said continuing worries over inflation and economic prospects were putting a damper on the market's efforts to rally, despite the technical upward impulse generated by the deeply depressed prices of many issues.

The Big Board volume leader was Great American Mortgage Investors, down 1 3/4 at 2 in a 154,600-share block trade.

On the American Stock Exchange, the market-value index was up .07 at 66.44. The broadly based NYSE composite index showed a .11 gain at 36.28.

Gold and silver stocks weakened again after an abortive attempt to rebound from their sharp losses of Monday and Tuesday.

Cyprus Talks Scheduled At Nicosia

NICOSIA, Cyprus (AP) — The leaders of the Greek and Turkish Cypriots meet today to discuss a Red Cross proposal for the release of more than 4,000 prisoners of war.

It will be the third meeting between President Glafcos Clerides, the head of the Greek Cypriot government, and Vice President Rauf Denkash of the Turkish Cypriots, since the cease-fire was signed Aug. 16.

Prodged by U.N. Secretary General Kurt Waldheim, Clerides and Denkash agreed to meet every Friday to discuss "humanitarian issues." A U. N. spokesman said the fact that they were holding a special meeting to discuss the prisoners was a "good indication" that the two Cypriot communities were solving one problem resulting from the recent war.

The International Red Cross reported the Greek Cypriots are holding 3,314 Turkish Cypriots prisoner while 1,164 Greek Cypriots are detained in Turkish-occupied territory.

Clerides and Denkash agreed last Friday to a prisoner exchange, but later Denkash charged that Clerides was stalling the transfer by refusing to let Turkish Cypriots whose homes were in the Greek zone move to the Turkish zone.

Markets

NEW YORK (AP) — The stock market was mixed today in a holding pattern not far above its lowest levels in years.

The noon Dow Jones average of 30 industrials was up 3.99 at 662.16, but losers maintained a 6-to-5 lead over gainers in very light trading on the New York Stock Exchange.

Analysts said continuing worries over inflation and economic prospects were putting a damper on the market's efforts to rally, despite the technical upward impulse generated by the deeply depressed prices of many issues.

The Big Board volume leader was Great American Mortgage Investors, down 1 3/4 at 2 in a 154,600-share block trade.

On the American Stock Exchange, the market-value index was up .07 at 66.44. The broadly based NYSE composite index showed a .11 gain at 36.28.

Gold and silver stocks weakened again after an abortive attempt to rebound from their sharp losses of Monday and Tuesday.

Two Injured In Early Morning Wreck

Twenty-year-old Lorlei Massie, Route 2, Ashville, was admitted to Mercy Hospital, Columbus, for injuries sustained in a single-car accident 5:50 a.m. today on Route 316.

According to the investigation by Pickaway County Sheriff's Deputy James Fite, Ms. Massie was traveling west on 316 when she swerved to miss a small animal in the road.

Losing control, the vehicle went off the right side of the road into a ditch.

William Burgett, 4, Route 2, Ashville, passenger, was admitted to Children's Hospital, for a lacerated chin and tongue.

No citation was issued.

Cyprus Talks Scheduled At Nicosia

NICOSIA, Cyprus (AP) — The leaders of the Greek and Turkish Cypriots meet today to discuss a Red Cross proposal for the release of more than 4,000 prisoners of war.

It will be the third meeting between President Glafcos Clerides, the head of the Greek Cypriot government, and Vice President Rauf Denkash of the Turkish Cypriots, since the cease-fire was signed Aug. 16.

Prodded by U.N. Secretary General Kurt Waldheim, Clerides and Denkash agreed to meet every Friday to discuss "humanitarian issues." A U. N. spokesman said the fact that they were holding a special meeting to discuss the prisoners was a "good indication" that the two Cypriot communities were solving one problem resulting from the recent war.

The International Red Cross reported the Greek Cypriots are holding 3,314 Turkish Cypriots prisoner while 1,164 Greek Cypriots are detained in Turkish-occupied territory.

Clerides and Denkash agreed last Friday to a prisoner exchange, but later Denkash charged that Clerides was stalling the transfer by refusing to let Turkish Cypriots whose homes were in the Greek zone move to the Turkish zone.

Glenn Spends \$320,620

COLUMBUS, Ohio (AP)— John Glenn, the Democratic candidate for U.S. Senate, has spent \$320,720 so far in his general election campaign, a report filed Tuesday with the secretary of state shows.

The report listed receipts of \$335,836. It covered the period from May 31 to Sept. 1.

The "Citizens for John Glenn" committee said it has a current debt of \$254,109—compared with obligations May 31 of \$200,000.

A campaign spokesman said much of its primary election debt has been repaid, and that the current debt represents expenses for the general election.

Turk Slates Meet With Simon Today

COLUMBUS, Ohio (AP) — Chairman Edmund Turk of the Public Utilities Commission of Ohio was scheduled to meet in Washington today with Treasury Secretary William Simon to discuss the financial problems facing electrical utilities.

Turk was among representatives of utility regulatory commissions from several states invited to the meeting.

The program is supported by the various merchants who sponsor teams as well as the annual Fish Fry and the parking of cars at the Ted Lewis Park during the Pumpkin Show. He was introduced by speaker chairman Larry Mets, right.

A Page Of Opinion

Inflation Protests

Dissatisfaction with inflationary prices is not confined to the United States. In Belgium, farmers have been demonstrating against high prices for the things they buy and low prices they receive for their crops.

This is a world-wide gripe, although it does not always result in demonstrations. Everyone today is convinced

income is not keeping up with inflated prices.

When prices continue to rise month by month, this is an understandable reaction, even by those whose incomes have kept ahead of—and are contributing to—inflation. Any wide deviation from the norm can result in widespread determination to do something about it, though changes may

have been beneficial.

The Belgian farmers may have a valid gripe. News accounts of their demonstrations did not compare prices they receive for their crops with those in the U.S. But it is not inconceivable that farmers somewhere, sometime, could revolt against prices although they benefited from price changes.

Taken For A Ride

ON THE LINE
By BOB CONSIDINE

NEW YORK — People . . . Places

Chou En-lai appears to be dying. He was unable to receive the Congressional delegation, headed by Sens. William Fulbright and Hubert Humphrey, which is making a two-week tour of the People's Republic of China. Only a grave illness would have kept the co-author of the Great Detente from sitting down with such a group. Chou, pronounced Joe, is 76. Mao Tse-tung will be 84 in December. His position for years has been that of a demi-god. Chou, over the same period, has been the chief executive officer.

Chou and the Nixons got along fine during their historic 1972 meetings in Peking, Hangchow and Shanghai. But they shook him up occasionally.

The day he took them for a boatride in beautiful budding Hangchow, Marco Polo's favorite city, he made a point of showing them an aviary on one of the little islands that are like lotus plants. Dick gave the birds short shrift. But Pat and Chou paused at each caged pair of feathered friends. Chou said something endearing in Mandarin to one of the pairs.

"I talk to my birds like that, too," Pat said. Chou looked a little startled. He had been briefed extensively on the Nixons, but nobody had told him Pat spoke Chinese.

At another cage, two love-birds (loriculus) went into a love scene that rooted the Premier and the First Lady in their tracks. Pat broke the strained silence with a comment that startled Chou. Pat said with a smile "Lovey-dovey."

Chou blushed. Puce.

He recovered but was somewhat jarred a few minutes later when he and Pat rejoined the President outside the bird house. Nixon was staring admiringly at a distant snow-topped mountain.

"Say, that would make a good picture," the President enthused. Chou seemed to be at a loss for words.

On the final night in Shanghai, Chou and the President were leaving the big, applauding banquet hall when the President happened to spot mine among a sea of faces. He took his trim host by the arm, led him through the crowd and introduced me.

"We were talking about Khrushchev during dinner," Dick said. "Talking about that trouble I had with him."

"We had a little trouble with him, too," Chou said with a tight smile. It had to be the crowning understatement of the Summit meeting, considering the fact that Khrushchev made many warlike growls at China. One billion human beings would have been involved if that had broken out.

But Nixon had his own problems with Khrushchev foremost in mind. "You were there in Moscow with me on the day of the Kitchen Debate," he said to me. "Tell the Premier who won that debate."

For a frightening second or two, I had a crazy temptation to say, "Khrushchev." Just for the hell of it. But I said, "You did, Mr. President."

Nixon wheeled on Chou and finger-stabbed him on his chest three times. Each time he said, triumphantly, "I told you . . . I told you . . . I told you."

Crime Wave item:

The FBI's 400-agent investigation of Vice President-designate Nelson Rockefeller's life and hard times has struck significant pay dirt. A search of Rockefeller's record as a Dartmouth undergrad—he was a Phi Beta Kappa man—has revealed that his worst grades were in public speaking and political science.

Rocky therefore may become the first Vice President ever impeached before taking office.

Former Vice President Spiro Agnew

'Stone Orchard'

By JIM BISHOP

Prices are so outrageous that I have just discovered, to my sorrow, that I can no longer afford to die. The good old \$500 funeral has gone with the cadaver. The Vice President-designate of the United States can afford to bury himself once a day for a hundred years, but the rest of use, I fear, are condemned to live.

And yet, as my old man once observed sagely, "People are dying today who never died before." We are pinched between two impossible worlds: We can't afford to stay, and we can't afford to go. Time was when a lady reached 85 or 90, she just flicked off like an old 50-watt bulb which had shed its light too long.

Today the doctor gives her a pacemaker, jizzes her sex glands with hormones, and she hangs out in freaky saloons, winking at the bartender. Crotchety old men creak around the house, emptying ashtrays and calling their wives "Hey you!" because they can't recall their names.

This is a fine state of affairs, I must say. There was a funeral director in Los Angeles with the improbable name of Utter McKinley who plastered the bus-stop benches with a pitch to pay now and die later.

He also had a joint with a huge clock and pendulum out front. A sign said: "It's later than you think." It may have been later than he thought, because the clock is gone and I haven't heard an utter from him.

In the New York area, unctuous funeral directors ask the grieving widow, "Where have you hidden the insurance policy, dear?", and that's the last she hears of it and him. The items amount to more than a mahogany box, silver handles and a piece of ground about the size of a telephone booth. He often departs wearing new shoes.

A lot of people afflicted with the unfortunate habit of looking ahead are joining organizations like the Neptune Society of California. The cost of

membership is \$25 a couple, and it doesn't matter which one decides to move out first. The Neptunes, for an additional \$250, will cremate the remains and dump the ashes at sea from an ornate urn.

Don't knock it unless you've tried it. Charles Denning, the president, told a Time magazine reporter: "For the past hundred years undertakers have made a rich living by selling tin boxes that rust in the ground . . . and scenic plots overlooking freeways."

I am with Mr. Denning, in a manner of speaking, but it is a canard to say "tin boxes" and a nice view of the freeways. Some of the boxes I have seen are better than my domicile. The gleaming matched grains, the shirred silk linings—that's living.

The view from the cemetery is another matter. The beautiful Gladys Glad almost lost her mind looking for a piece of sod for Mark Hellinger. In his will he insisted he wanted to be buried "within sight of the Hudson River."

In all the years I knew him, Mark was not much of a guy for getting out of bed until dark and the only time he saw the Hudson was from the bar aboard the Twentieth Century, racing to Chicago. Her brother Nick Glad finally found a place called Sleepy Hollow. If you stand on the spot where Hellinger reposes, and squint through the trees, you can indeed see the mighty river in the distance.

Damon Runyon called cemeteries "stone orchards." In the old days, grandpa could pack it in for \$300, \$50 more for the church service, and \$150 for a granite marker, with enough left over to buy a drink for the mourners.

For this, he also got perpetual care, even though my father couldn't figure what he might need after he got there. The caretakers mowed the weeds just before Memorial Day, when the living showed up clutching flowers and buying water from ambitious boys.

Neptune says they can take you out on a yacht, turn the boat into the wind, lower the flag to half-mast, and read a psalm as you go off the stern like a box of talcum powder.

Of course, some people are stubborn in matters of this kind. Judith Viorst doesn't want to die, and writes that she is trying to think of "something less drastic."

Some of the state cemetery boards do not look upon burial at sea with sympathy. The funeral directors, they point out, have a big overhead with those funny parlors, tipsy embalmers, and handsome young men in dinner jackets who help the widow up to take a last look at Charlie who is, shall we say, neatly boxed.

As for me, I think I'll go to sea—that is, if I go at all. There's a warm feeling in getting your ashes hauled . . .

Auto Assembly Plant Set For Kenya

NAIROBI, Kenya (AP) — British Leyland plans to set up a \$9-million auto assembly plant in the central Kenya town of Thika, 30 miles from here.

The plant, being set up in conjunction with the local auto firm of Cooper Motors Corp., Ltd., will assemble 1,500 trucks, buses and other vehicles once it goes into production in 1976. The project is designed to cut the import of foreign-made vehicles.

The Rev. Oliver Miller was selected as new pastor of the Second Baptist Church. He came from the Trinity Baptist Church, Columbus, where he was involved with youth work.

The First Baptist Church of Ashville was to break ground for a new one-story educational building, according to the Rev. Charles Stephens. It was the second of four units on the master plan.

Speaking Of Your Health

by Lester L. Coleman, M.D.

The rapid travel between countries in this jet age has given us new concepts of space and time. It has so contracted the size of our world that no man's illness anywhere need be an isolated problem.

An outbreak of hepatitis in South America today becomes a real concern in Italy tomorrow. A severe form of influenza in Asia becomes an urgent health problem in the United States within 48 hours.

Such rapid transportation of disease requires the need for immediate international control.

The World Health Organization (WHO), a vital subdivision of the United Nations, has the credo that international peace and security depend on the health of all people in all lands.

With this purpose, WHO devotes itself to physical, mental and nutritional health in all countries of the world.

Supported by all member nations of the United Nations, WHO sends physicians, dentists, scientists, public health officials, technicians and engineers to establish maximum health standards in developed and underdeveloped countries.

Great strides have been made against tuberculosis, malaria, smallpox and many other communicable diseases.

The vigilance and diligent work of the health teams coordinated by WHO have saved hundreds of thousands of lives.

In emergency situations, when disaster strikes, epidemics are controlled by rapid shipments of medicine and life-saving equipment.

There is an urgent need for the fireproofing of clothing, draperies, rugs and bedding. There are now a great many flame retardants that can be used on all textiles without altering quality, color, or function.

But there still are far too many deaths directly attributable to the fact that the advances in flame retardation have not been used.

Only legislation can make it mandatory to fireproof fabrics.

NEW YORK (AP) — Americans aren't saving enough to finance the nation's future and the consequences could be absolutely appalling, "literally incalculable," according to the findings of a study just released.

It could lead to further urban congestion and decay, say the researchers who put the study together. It could mean failures of small- and medium-size businesses, the encouragement of industrial oligarchy, and more power shortages.

The dismal tale gets grimmer. It could very well mean that ecological and environmental programs will be aborted for lack of funds. It could mean high unemployment. It might mean chronically depressed stock prices.

Millions of Americans dependent upon private pension plans might find their resources drained away. Health and educational services might have to be curtailed. Living standards might fall.

These, says the New York Stock Exchange, are some of the implications of a developing capital shortage, a shortage that already is forcing business to curtail expansion.

'Wild Bill' Heads Home

YANKTON, S.D. (AP) — William Mowery, who says he reckons the days of the saddle tramp aren't quite over, is riding his horse Thunder home to Republic, Ohio, to visit his folks.

Mowery, who recently left Gregory, S.D., said with a grin that people call him "Wild Bill."

Mowery said he is taking the ride easy and plans to work his way east, stopping for jobs to replenish his money and to buy grain for his horse.

While riding, he can make about 50 miles per day, but he admits that is a bit hard on Thunder.

"I figure it will take about two and a half months to get back to Ohio," he said, adding that he started the trip with \$59.

Mowery said he trained Thunder himself. "He was a hard one to break but he's trained to do anything a cowboy should do," Mowery said. "He didn't even spook when he stepped over a rattle snake out at Fort Randall (Dam)."

He said he has not seen his parents in nearly three years. He came "west" in 1967 and has been working on ranches in the Winner area since.

"My dad told me Ohio wasn't the place for me," Mowery said, adding that he is taking over where his father left off. "He lost a horse out in Utah riding east," Mowery said. "I figured I'd take up where he left off."

In fact, all these consequences are to some extent already with us.

"A capital shortage is no longer merely a threat for the future but a fact of the present," said James J. Needham, chairman of the Big Board, where prices of stocks are at their lowest in four years.

This is how the situation stacks up between now and 1985, say the economists and researchers at the exchange:

Sources of funds: business savings, \$2.923 trillion; personal savings, \$1.109 trillion, for a total capital resource of \$4.032 trillion.

Uses of funds: gross private domestic investment, consisting mainly of spending for industrial plant and equipment, and residential construction, \$4.503 trillion; federal deficit financing, \$42 billion; state and local government financing, \$30 billion; federal credit agency borrowing, \$103 billion.

A quick calculation shows a need for \$4.678 trillion of capital and a likely availability, under present attitudes and laws, of only \$4.032 trillion, or a shortage of \$646 billion. And that's conservative, the exchange maintains.

The detailed report, which was the basis of a speech Needham prepared Monday for the Economic Club of Detroit, is the big gun in an exchange offensive to defeat the capital shortage problem.

As Needham said in his prepared remarks, "We have become literally obsessed by the need for identifying the scope and implications of this problem before it becomes too late to do anything about it."

Spanish-American War Vets Gather

PHILADELPHIA (AP) — Their number dwindles every year, they are all over 90 years old and 76 years ago they charged up San Juan Hill with Teddy Roosevelt.

"They" are the remaining veterans of the Spanish-American War who convened here on Monday for their annual convention.

Two years ago, the convention drew 36 veterans. Last year, 23 showed up. On Monday, only 16 of the 1,352 Spanish-American War veterans alive throughout the country were in attendance.

"Two-thirds of the men are in Veteran's Administration hospitals or in nursing homes," said Beulah Cope, who runs the group's Washington office and serves as adjutant general.

The veterans of the nation's shortest war it lasted only eight months apparently have not lost their fighting spirit.

A Page Of Opinion

Inflation Protests

Dissatisfaction with inflationary prices is not confined to the United States. In Belgium, farmers have been demonstrating against high prices for the things they buy and low prices they receive for their crops.

This is a world-wide gripe, although it does not always result in demonstrations. Everyone today is convinced

income is not keeping up with inflated prices.

When prices continue to rise month by month, this is an understandable reaction, even by those whose incomes have kept ahead of—and are contributing to—inflation. Any wide deviation from the norm can result in widespread determination to do something about it, though changes may

have been beneficial.

The Belgian farmers may have a valid gripe. News accounts of their demonstrations did not compare prices they receive for their crops with those in the U.S. But it is not inconceivable that farmers somewhere, sometime, could revolt against prices although they benefited from price changes.

NEW YORK — People . . . Places

Chou En-lai appears to be dying. He was unable to receive the Congressional delegation, headed by Sens. William Fulbright and Hubert Humphrey, which is making a two-week tour of the People's Republic of China. Only a grave illness would have kept the co-author of the Great Detente from sitting down with such a group. Chou, pronounced Joe, is 76. Mao Tse-tung will be 84 in December. His position for years has been that of a demi-god. Chou, over the same period, has been the chief executive officer.

Chou and the Nixons got along fine during their historic 1972 meetings in Peking, Hangchow and Shanghai. But they shook him up occasionally.

The day he took them for a boatride in beautiful budding Hangchow, Marco Polo's favorite city, he made a point of showing them an aviary on one of the little islands that are like lotus plants. Dick gave the birds short shrift. But Pat and Chou paused at each caged pair of feathered friends. Chou said something endearing in Mandarin to one of the pairs.

"I talk to my birds like that, too," Pat said. Chou looked a little startled. He had been briefed extensively on the Nixons, but nobody had told him Pat spoke Chinese.

At another cage, two love-birds (loriculus) went into a love scene that rooted the Premier and the First Lady in their tracks. Pat broke the strained silence with a comment that startled Chou. Pat said with a smile "Lovey-dovey."

Chou blushed. Puce. He recovered but was somewhat jarred a few minutes later when he and Pat rejoined the President outside the bird house. Nixon was staring admiringly at a distant snow-topped mountain.

"Say, that would make a good picture," the President enthused. Chou seemed to be at a loss for words.

On the final night in Shanghai, Chou and the President were leaving the big, applauding banquet hall when the President happened to spot mine among a sea of faces. He took his trim host by the arm, led him through the crowd and introduced me.

"We were talking about Khrushchev during dinner," Dick said. "Talking about that trouble I had with him."

"We had a little trouble with him, too," Chou said with a tight smile. It had to be the crowning understatement of the Summit meeting, considering the fact that Khrushchev made many warlike growls at China. One billion human beings would have been involved if that had broken out.

But Nixon had his own problems with Khrushchev foremost in mind. "You were there in Moscow with me on the day of the Kitchen Debate," he said to me. "Tell the Premier who won that debate."

For a frightening second or two, I had a crazy temptation to say, "Khrushchev." Just for the hell of it. But I said, "You did, Mr. President."

Taken For A Ride

Nixon wheeled on Chou and finger-stabbed him on his chest three times. Each time he said, triumphantly, "I told you . . . I told you . . . I told you."

The FBI's 400-agent investigation of Vice President-designate Nelson Rockefeller's life and hard times has struck significant pay dirt. A search of Rockefeller's record as a Dartmouth undergraduate—he was a Phi Beta Kappa man—has revealed that his worst grades were in public speaking and political science.

Rocky therefore may become the first Vice President ever impeached before taking office.

Former Vice President Spiro Agnew

'Stone Orchard'

By JIM BISHOP

Prices are so outrageous that I have just discovered, to my sorrow, that I can no longer afford to die. The good old \$500 funeral has gone with the cadaver. The Vice President-designate of the United States can afford to bury himself once a day for a hundred years, but the rest of use, I fear, are condemned to live.

And yet, as my old man once observed sagely, "People are dying today who never died before." We are pinched between two impossible worlds: We can't afford to stay, and we can't afford to go. Time was when a lady reached 85 or 90, she just flicked off like an old 50-watt bulb which had shed its light too long.

Today the doctor gives her a pacemaker, jizzes her sex glands with hormones, and she hangs out in freaky saloons, winking at the bartender. Crotchety old men creak around the house, emptying ashtrays and calling their wives "Hey you!" because they can't recall their names.

This is a fine state of affairs, I must say. There was a funeral director in Los Angeles with the improbable name of Utter McKinley who plastered the bus-stop benches with a pitch to pay now and die later.

He also had a joint with a huge clock and pendulum out front. A sign said: "It's later than you think." It may have been later than he thought, because the clock is gone and I haven't heard an utter from him.

In the New York area, unctuous funeral directors ask the grieving widow, "Where have you hidden the insurance policy, dear?" and that's the last she hears of it and him. The items amount to more than a mahogany box, silver handles and a piece of ground about the size of a telephone booth. He often departs wearing new shoes.

A lot of people afflicted with the unfortunate habit of looking ahead are joining organizations like the Neptune Society of California. The cost of

membership is \$25 a couple, and it doesn't matter which one decides to move out first. The Neptunes, for an additional \$250, will cremate the remains and dump the ashes at sea from an ornate urn.

Don't knock it unless you've tried it. Charles Denning, the president, told a Time magazine reporter: "For the past hundred years undertakers have made a rich living by selling tin boxes that rust in the ground . . . and scenic plots overlooking freeways."

I am with Mr. Denning, in a manner of speaking, but it is a canard to say "tin boxes" and a nice view of the freeways. Some of the boxes I have seen are better than my domicile. The gleaming matched grains, the shirred silk linings—that's living.

The view from the cemetery is another matter. The beautiful Gladys Glad almost lost her mind looking for a piece of sod for Mark Hellinger. In his will he insisted he wanted to be buried "within sight of the Hudson River."

In all the years I knew him, Mark was not much of a guy for getting out of bed until dark and the only time he saw the Hudson was from the bar aboard the Twentieth Century, racing to Chicago. Food Prices To Rise Over State

COLUMBUS, Ohio (AP) — The news from Ohio's vast vegetable fields is mixed, ranging from not-so-good through not-too-bad to too-good-to-be-true, but it all adds up to bad news for the consumer.

Food prices are a cinch to go up. "If they think they've seen high prices," said extension agent Glenn Maddy of Fremont, "they haven't seen anything yet."

Here's what he meant: Tomatoes for canning are selling for 45 per cent more than a year ago.

Cucumbers for pickles shot up 75 per cent in price this year.

Cabbage for kraut, even with a last-minute bumper yield, figures to move up another \$6 a ton.

And, Ohio refineries are paying 262 per cent more for sugar beets this year than last.

"I figure the tomato crop has been cut about 20 per cent by the dry weather," said Maddy, whose Sandusky County annually ranks either

No. 1 or No. 2 among Ohio counties in growing tomatoes.

"The average looks like about 18 tons an acre."

Normal yield would be about 22 tons an acre.

Maddy emphasized that conditions remained spotty even with the August rains and horror stories about the tomato crop abound. David Urmston, deputy state director of agriculture, reported hearing that in some areas where processors counted on three tomatoes to fill a No. 303 can last year they're talking about nine this year.

"The fruit is small, but the solids content is very good," said Eugene C. Wittmeyer, Ohio State University professor of horticulture.

Tomato growing is big business in Ohio, which ranks No. 3 nationally with 25,000 acres. Last year's processing tomatoes sold for \$45 a ton. This year the price is \$75.

Early cucumbers, growers reported, showed a good yield, but lack of rain

cut the overall crop about 25 per cent in the late summer, Maddy estimated. He figured the dollar yield per acre was up some 75 per cent, with cucumbers for pickles selling at around \$140 a ton.

Cabbage, just about written off in Sandusky County early in August, now is yielding an estimated 28 to 30 tons an acre after the late rains, up about 80 to 100 per cent above last year.

Ohio's three sugar refineries, said Maddy, are paying about \$36.50 a hundredweight for sugar beets this fall, compared to \$13.90 a year ago.

The refineries are reporting yields ranging from 15 to between 19 and 20 tons an acre.

Food Prices To Rise Over State

COLUMBUS, Ohio (AP) — The news from Ohio's vast vegetable fields is mixed, ranging from not-so-good through not-too-bad to too-good-to-be-true, but it all adds up to bad news for the consumer.

Food prices are a cinch to go up. "If they think they've seen high prices," said extension agent Glenn Maddy of Fremont, "they haven't seen anything yet."

Here's what he meant: Tomatoes for canning are selling for 45 per cent more than a year ago.

Cucumbers for pickles shot up 75 per cent in price this year. Cabbage for kraut, even with a last-minute bumper yield, figures to move up another \$6 a ton.

And, Ohio refineries are paying 262 per cent more for sugar beets this year than last.

"I figure the tomato crop has been cut about 20 per cent by the dry weather," said Maddy, whose Sandusky County annually ranks either

No. 1 or No. 2 among Ohio counties in growing tomatoes.

"The average looks like about 18 tons an acre."

Normal yield would be about 22 tons an acre.

Maddy emphasized that conditions remained spotty even with the August rains and horror stories about the tomato crop abound. David Urmston, deputy state director of agriculture, reported hearing that in some areas where processors counted on three tomatoes to fill a No. 303 can last year they're talking about nine this year.

"The fruit is small, but the solids content is very good," said Eugene C. Wittmeyer, Ohio State University professor of horticulture.

Tomato growing is big business in Ohio, which ranks No. 3 nationally with 25,000 acres. Last year's processing tomatoes sold for \$45 a ton. This year the price is \$75.

Early cucumbers, growers reported, showed a good yield, but lack of rain

cut the overall crop about 25 per cent in the late summer, Maddy estimated. He figured the dollar yield per acre was up some 75 per cent, with cucumbers for pickles selling at around \$140 a ton.

Cabbage, just about written off in Sandusky County early in August, now is yielding an estimated 28 to 30 tons an acre after the late rains, up about 80 to 100 per cent above last year.

Ohio's three sugar refineries, said Maddy, are paying about \$36.50 a hundredweight for sugar beets this fall, compared to \$13.90 a year ago.

The refineries are reporting yields ranging from 15 to between 19 and 20 tons an acre.

Salem Church Women Meet

Hostesses for the September meeting of Salem United Methodist Women held at the church were, Mrs. Charles Boldoser, Mrs. Marie Boldoser and Mrs. Darrell O'Dell. One guest, Mrs. Helen Knece, was present for the session.

Mrs. Delbert Poling, vice president, centered the program around the theme "Sunday - Keeping It The Lord's Day." Members sang "I Am Happy In The Service Of The King" accompanied by Mrs. Vera Miller. Mrs. Poling read scripture from Genesis.

"Whatever Happened To The Old Fashioned Sabbath?" was read by Mrs. Poling. The reading told that a generation ago, Sundays were quite special. Businesses and amusements were closed and it was a day for spiritual benefit, a family day. God's commandment "Remember The Sabbath And Keep It Holy" was out of concern for our deepest needs. She said that today we've turned it into another frantic holiday. Our lives lose harmony under weekly pressures and God gave us the Sabbath to get it altogether. Four suggestions are: make your sabbath different and distinctive, make your Sabbath a family affair, make your Sabbath a day of service, make your Sabbath be a day of public worship - let it be your first priority.

"The Recipe For A Church Member" was read by Mrs. Charles

It was agreed to meet at the same time and place next year.

Salem Church Women Meet

Hostesses for the September meeting of Salem United Methodist Women held at the church were, Mrs. Charles Boldoser, Mrs. Marie Boldoser and Mrs. Darrell O'Dell. One guest, Mrs. Helen Knece, was present for the session.

Mrs. Delbert Poling, vice president, centered the program around the theme "Sunday - Keeping It The Lord's Day." Members sang "I Am Happy In The Service Of The King" accompanied by Mrs. Vera Miller. Mrs. Poling read scripture from Genesis.

"Whatever Happened To The Old Fashioned Sabbath?" was read by Mrs. Poling. The reading told that a generation ago, Sundays were quite special. Businesses and amusements were closed and it was a day for spiritual benefit, a family day. God's commandment "Remember The Sabbath And Keep It Holy" was out of concern for our deepest needs. She said that today we've turned it into another frantic holiday. Our lives lose harmony under weekly pressures and God gave us the Sabbath to get it altogether. Four suggestions are: make your sabbath different and distinctive, make your Sabbath a family affair, make your Sabbath a day of service, make your Sabbath be a day of public worship - let it be your first priority.

"The Recipe For A Church Member" was read by Mrs. Charles

Tarlton School Reunion Held In Town Hall

As is the custom, the Tarlton School reunion was held the first Sunday after Labor Day at the Town Hall in Tarlton.

Before table grace was said a moment of silence was observed in honor of Mrs. Muriel Reichelderfer who died recently.

After the carry-in dinner the business meeting was presided over by Richard Ballard, president of the alumni. Elected as officers for the coming year are: Paul Kerns, president; Mrs. Cliff Hedges, secretary-treasurer; Mrs. Alice Sensenbrenner, Mrs. Walden Reichelderfer and Mrs. Della Wertman, entertainment committee. Mrs. Chloe Hiatt was recognized as the oldest member present.

Mrs. Sensenbrenner directed the program and as each person's name was called they told of some incident that happened during their school days and each was given a gift donated by the executive committee.

Guests and members attending were from Columbus, Lancaster, Greencamp, Bremen, Amanda, Rushville, Circleville and Tarlton.

It was agreed to meet at the same time and place next year.

Boldoser. Miss Betty Melton read "A No Excuse Day For Church" and Mrs. Poling closed the program with the reading "Remember The Sabbath."

Mrs. Darl McAfee conducted the business meeting. It was reported 30 calls on ill persons had been made and the flower fund gift was presented to Mrs. Jacob Maxwell. Mrs. Donald Hildenbrand reported on plans for the rummage sale to be held Sept. 14th at the K. of C. building in Circleville.

Mrs. Hildenbrand also reported on the auction which is to be held beginning at noon, Sept. 21st, at the church. Lunch will be served by the women. Donations for the auction are being accepted from anyone. Mrs. McAfee closed the meeting by reading "The Purpose Of The United Methodist Women" and scripture from Luke.

Games were conducted by Mrs. Maxwell and Mrs. Miller, and the hostesses served refreshments.

Brown Rips Ford Action On Pardon

COLUMBUS, Ohio (AP) — Richard Nixon should "stand before the bar like anyone else," Ohio Atty. Gen. William Brown said Monday in criticizing President Ford's pardon of the former chief executive.

Brown, a Democrat, said Ford's action was "a slap in the face of the judicial system of this country."

Noting that former presidential aides were in prison while Nixon was given amnesty from prosecution, Brown said, "If that's how we're going to treat ex-public officials, we're better off revising the system."

Meanwhile, U.S. Rep. Delbert Latta, R-Ohio, one of Nixon's staunchest supporters when the House Judiciary Committee was considering articles of impeachment, said Monday the pardon may have been premature.

In a statement released by his office in Bowling Green, Latta said he believes Ford should have waited until all the facts were in before taking such action.

"It would seemingly be impossible to know with any certainty what the former President is being pardoned for until the tapes now to be released have been reviewed," Latta said.

Fairfield County Firm Bankrupt

COLUMBUS, Ohio (AP) — The president of Hide-A-Way Hills, Inc., a vacation-residential development company in Fairfield County, filed for bankruptcy in U.S. District Court Monday.

Robert B. Scott of Coral Gables, Fla., said the company has debts totaling \$885,455 and assets of \$428,462.

The company operated from May 1970 until Dec. 17, 1973 when sales were discontinued voluntarily following an investigation by the U.S. Housing and Urban Development Department.

A HUD spokesman said the firm was not disclosing adverse elements in the few remaining lots for sale. The sales ban permits resale of lots or sales by other companies.

Protests Grow To Nixon Pardon

By THE ASSOCIATED PRESS
A National Committee to Impeach President Ford is being formed in California, two Ohio ministers have called for a special presidential election and an estimated 2,000 persons demonstrated in Wisconsin.

The moves came as continuing reaction to President Ford's full pardon for former President Richard M. Nixon for federal crimes he may have committed while chief executive.

In North Dakota, a county judge freed two men he had sentenced to jail as an act of clemency "in response to the pardon given Richard Nixon by Gerald Ford...."

Judge Kirk Smith said in open court at Grand Forks that "it is the intention of this court to commute any unserved jail time and unpaid fines in the above cases and they are therefore set free."

John L. Smith, 29, Manvel, N.D., was released with 50 days to go on a 75-day sentence for driving while under the influence of alcohol and failing to appear in court. He also escaped a \$225 fine.

Also set free was John M. Kleinsasser, 20, of Grand Forks, who had three days to go on a 15-day sentence for a traffic violation.

Judge Smith said he took the action as a personal response to the Ford pardon, "not in agreement or as an opposition."

Ex-prisoner Smith's reaction: "It's lucky for us there's good old President Ford."

Arthur M. Schaffer, a professor of constitutional law at Western State

University and former assistant district attorney in San Francisco, and Larry Schwartz, history professor at San Diego City College, said on Monday they are forming the impeachment committee.

Schaffer termed the pardon "the ultimate coverup, attempting to foreclose any investigation, indictment or trial of Mr. Nixon."

Schaffer and Schwartz both were active in the American Civil Liberties Union campaign for the impeachment of Nixon.

They accused Ford of obstructing justice by pardoning Nixon and of destroying evidence through the agreement which gives Nixon ownership of the Watergate tapes and allows him to destroy them after five years.

In Cleveland, Ohio, the Revs. Richard A. Carley and Paul E. Johnson termed the pardon "a skin graft over a cancer" and called for a special presidential election.

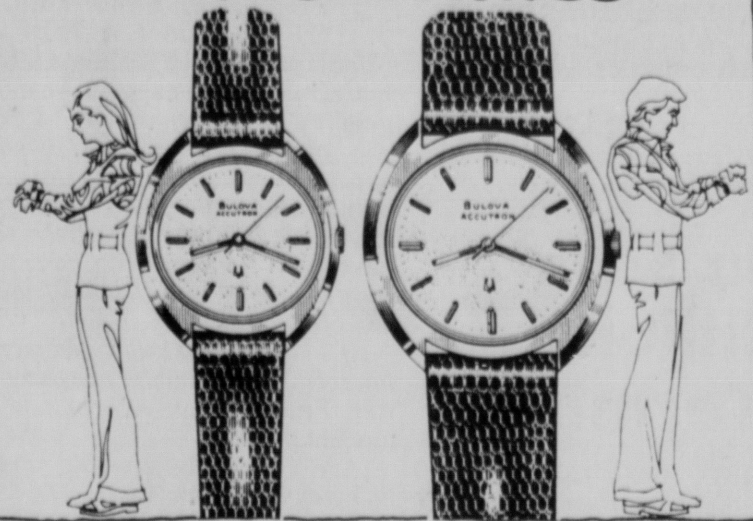

"Ford thinks Watergate will go away, but we are far from that," said the Rev. Mr. Carley, executive presbyter of the Presbytery of the Western Reserve of the United Presbyterian Church of the U.S.A. and the Rev. Mr. Johnson, associate presbyter.

The Rev. Mr. Carley told Ford in a telegram that a special election was needed to restore the people's trust in the Ford administration.

The Wisconsin demonstrators, who marched around the state Capitol at Madison in protest of the pardon, also

1040 U.S. Individual Income Tax Return for the year ending January 1-December 31, 1964, or other taxable year. **Taxpayers Ask IRS**

This column of questions and answers of federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

(Q.) I received \$2,000 in cash as a wedding gift. I know I'm not taxed on this amount, but can I add it to my income to determine my sales tax deduction from the tables in the tax form package?

(A.) Yes. Tax exempt income, such as gifts, social security benefits, life insurance proceeds, etc., may be added to your other income to compute your sales tax deduction from the tax form tables.

(Q.) I received a bill from the IRS which included an "estimated tax penalty." What does this mean?

Sohio Sets \$1 Billion Oil Terminal

CLEVELAND, Ohio (AP)— The Standard Oil Co. says about \$1 billion will be spent to carve a shipping terminal out of bedrock at Valdez, Alaska at the end of the Trans-Alaska Pipeline.

Sohio said Tuesday storage tanks will be built on wide pads carved out of the mountainside on the 1,000-acre site.

The tanks will be placed 400 to 500 feet above water level, permitting gravity flow of oil to sea-going tankers.

When the terminal goes into operation in 1977, there will be 18 storage tanks. Ultimately, there will be 28 to 32 storage tanks with total capacity of about 16 million barrels of crude oil, Sohio said.

The oil company estimates that when the pipeline production hits two million barrels per day, an average of 18 tankers per week will shuttle oil to the West Coast of the United States.

Sohio said Alyeska Pipeline Service Co., which is directing construction of the terminal for a consortium of eight oil companies, will have a work force of 2,500 working at Valdez at the peak of construction.

Sohio said more than 3,000 workers now are working out of 12 construction camps north of the Yukon River building a 360-mile road from the Yukon to the North Slope oil field at Prudhoe Bay.

Conjugal Visits Nixed By Judge

CLEVELAND, Ohio (AP)— The state is not required by the constitution to provide private places in prisons for marital relations, a federal judge ruled Monday.

With that decision, U.S. District Judge William K. Thomas dismissed on Monday a suit challenging Ohio prison rules prohibiting conjugal visits between prisoners and their spouses.

The suit, filed by Case Western Reserve University law professor Ovid C. Lewis, claimed that denial of the visits constituted cruel and unusual punishment.

"Imprisonment of persons convicted of crimes is not tantamount to an intrusion into the prisoner's home," Thomas responded.

The suit was filed on behalf of two prisoners at the Marion Correctional Institution and their wives.

Lewis said he would study Thomas' decision before deciding whether to appeal.

California has included conjugal rights in its family visit program since 1968.

Armory Weapons Taken Apart

WASHINGTON (AP) — The Pentagon has ordered the firing mechanisms of M16 rifles and other small arms transferred from National Guard armories around the country to local police stations to discourage theft of the weapons.

Spokesmen said Monday that the urgent order calls for the transfer by Sunday.

Weapons have been stolen from National Guard armories in a number of states. Over the July 4 weekend, burglars made off with about 100 M16s, seven machine guns and other weapons from the armory in Compton, Calif.

Maysville District Teachers Walk Out

ZANESVILLE, Ohio (AP) — Non-teaching personnel demanding a 20 per cent salary increase struck the Maysville School District Tuesday. Teachers and staff remained on the job and officials said about 65 per cent of the district's 2,500 pupils attended classes.

The workers, members of the Ohio Association of Public School Employees, struck after negotiations broke down in a new contract.

Picket lines were set up at the six schools in the district, which encompasses South Zanesville and other suburban areas south and west of Zanesville.

(A.) In general, the law requires that at least 80 per cent (66 2-3 per cent for farmers and fishermen) of the income and self-employment tax shown on a return must have been paid before the return is filed. This payment is due in four installments, and at least 20 per cent (one-fourth of 80 per cent) of the total tax must be paid by the date each installment is due. If an installment is underpaid, the taxpayer incurs a penalty of six per cent in a year on the amount of the underpayment unless he qualifies for relief under one of the exceptions provided by law.

If, when you filed your Form 1040, you did not submit a Form 2210, "Underpayment of Estimated Tax by Individuals," to support your computation of the penalty or to explain why you believe the penalty does not apply and you still believe the penalty should not be imposed, you should file the Form 2210 now. The form should have been enclosed with your bill. A copy also may be obtained from any IRS office.

(Q.) I received a lump-sum payment for accrued leave upon resigning from the Federal Government. Is this amount taxable?

(A.) Yes. Such amounts must be included in your income.

(Q.) I know that in order to claim my son as a dependent, I must furnish more than half of his total support for the year. Is everything I spend for him considered as total support furnished by me?

(A.) No. Generally, total support includes expenditures for providing food, shelter, clothing, education, medical and dental care, recreation, transportation, and similar necessities. However, certain items are specifically included from total support. Some of these are life insurance premiums, the purchase of an automobile or other large capital expenditure, Federal, state or local income tax payments, social security tax payments and funeral expenses.

Prosecution Pushes Case On Chenault

ATLANTA, Ga. (AP) — The prosecution calls additional witnesses today in its effort to prove that Marcus Wayne Chenault "had a preconceived plan of destruction" last June when Mrs. Martin Luther King Jr. was shot to death.

At least four witnesses, including Mrs. King's grandson, have testified they saw the boyish-looking Chenault deliberately shoot Mrs. King, 70, during Sunday services at Ebenezer Baptist Church.

Chenault, 23, of Dayton, Ohio, is in the third day of his Superior Court trial on murder charges in the slaying of Mrs. King and a church deacon, Edward Boykin, and the wounding of a woman parishioner.

The diminutive black man has pleaded innocent by reason of insanity.

His court-appointed attorneys, one white and one black, claim Chenault was "obsessed with hatred — hatred of black leaders, white people" and felt he was "ordained by God to come down and commit these acts."

The prosecution contends Chenault deliberately planned to kill Mrs. King, mother of the late civil rights leader, Dr. Martin Luther King Jr.

Derek King, 20, testified on Tuesday he heard his grandmother scream and slump over as she played the organ and that Chenault then "shot her again while she was on the floor."

The youth, eldest of the Kings' 11 grandchildren, testified in a calm voice about the shooting. His mother, Mrs. A. D. King, was the only member of the King family in the courtroom during his testimony.

The youth said that he struggled with Chenault when the stranger began reloading his gun.

A pistol King testified he took away from Chenault was introduced as evidence.

He said he also saw Chenault shoot Boykin.

Conjugal Visits Nixed By Judge

CLEVELAND, Ohio (AP) — The state is not required by the constitution to provide private places in prisons for marital relations, a federal judge ruled Monday.

With that decision, U.S. District Judge William K. Thomas dismissed on Monday a suit challenging Ohio prison rules prohibiting conjugal visits between prisoners and their spouses.

The suit, filed by Case Western Reserve University law professor Ovid C. Lewis, claimed that denial of the visits constituted cruel and unusual punishment.

"Imprisonment of persons convicted of crimes is not tantamount to an intrusion into the prisoner's home," Thomas responded.

The suit was filed on behalf of two prisoners at the Marion Correctional Institution and their wives.

Lewis said he would study Thomas' decision before deciding whether to appeal.

California has included conjugal rights in its family visit program since 1968.

Dear Abby:

By Abigail Van Buren

Wills Everything To Ingrates

DEAR ABBY: My husband and I have been married for nearly two years. This is the second marriage for both of us. I was a widow with very little money, and he was a widower with quite a lot. We both have married children.

He just told me that he is leaving everything he has to his children. I get nothing. His children practically ignore him. They are just waiting for him to die. On the few occasions when he sees them, they show him no respect or consideration at all. My children treat him much nicer than his own do.

I am not a rich woman, but I made out a will to leave three-fourths of everything I have to my children and one-fourth to him. Should I change my will and leave my children everything?

Co-Ops Keep Construction Schedules

COLUMBUS, Ohio (AP) — Although the nation's rural electric cooperatives are maintaining their construction schedules, they are concerned about construction cutbacks by investor-owned utilities and threats of a coal strike.

Federally-insured and guaranteed loan programs for rural systems have allowed \$1 billion in expansion to proceed as planned, said Robert Partridge, general manager of the National Rural Electric Cooperative Association.

However, he told a tri-state conference of cooperative directors Monday, "Cutbacks and delays of planned construction by (investor-owned) electric utilities amount to \$12 billion."

Partridge said this would make rural systems vulnerable if power runs short, since cooperatives buy about 30 per cent of their power from investor-owned companies.

Partridge said both rural cooperatives and investor-owned utilities are heavily dependent on coal and are faced with mounting prices and the possibility of a coal strike.

Buckeye Power Co., wholesale supplies for Ohio's 28 rural cooperatives, contracts for its coal and now has about a 70-day supply, according to Charles Jack, the company's chief engineer.

Meanwhile, Jack told cooperative officials from Ohio, Michigan and Indiana, Buckeye has not slowed down in its construction program.

Buckeye is expanding its Brilliant unit with a \$220 million generator scheduled for completion by late 1976.

He is 70, overweight and has high blood pressure. If he dies first and leaves me nothing, I will have to eat up my capital, and I am afraid I won't have enough to bury him. What should I do?

REMAINING ANONYMOUS
DEAR REMAINING: Leave everything to your children. If he dies first, his children will be only too happy to bury him.

DEAR ABBY: My husband and I and our infant daughter recently moved into a new home. A friendly neighbor told me that if I needed a sitter, her 16-year-old daughter, Mary, was available. Last evening I hired Mary from 8 p.m. until 10:30 p.m.

When I left, the baby was asleep, so that all Mary had to do was sit. I instructed her NOT to accept any collect calls because my husband was out of town and the call would be wasted. I told her to help herself to a soft drink and some cookies if she wanted a snack. She said, "No thanks, I'm on a diet." (I believed her because she is terribly overweight.)

When I got home, Mary said, "Oh, your husband called. I forgot and accepted the call."

After she left, I noticed that my drawers had been rummaged through and that whole month's supply of birth control pills was missing! Later, I found two empty spaghetti cans and a carton from a half gallon of ice cream in the trash.

My question: Should I tell Mary's mother? That little sneak needs to be punished. My husband says to skip it.

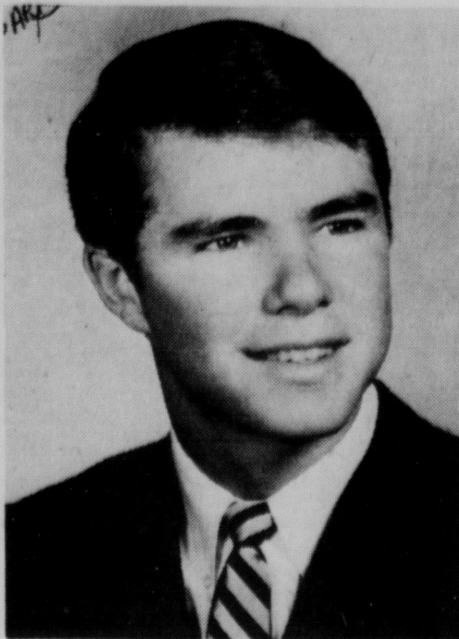

UNDECIDED
DEAR UNDECIDED: Tell her mother. But not so she'll punish her daughter. (The last thing Mary needs is more punishment; she's already brutally punishing herself!) The girl obviously has some serious emotional problems which desperately require professional treatment. It would be kind of you to urge that mother to get her daughter into therapy. My question: If she were YOUR daughter, wouldn't you want to know?

DEAR ABBY: Is there anything really improper about a single female walking into a top-notch restaurant to lunch or dine alone, aside from the fact that it takes a certain amount of nerve to do so?

I am a lover of good food, and don't always have an escort to take me where I'd like to dine. However, I wouldn't want to look like I'm trying to pick up someone because I came in alone.

What say you?

WONDERING
DEAR WONDERING: Quit wondering and treat yourself to a lunch or dinner wherever you can afford to go. As long as you mind your own business, you need not worry about giving anyone the wrong impression.

Franco Returns From Vacation

MADRID (AP) — Gen. Francisco Franco has returned to Madrid from Santiago de Compostela, ending a 24-day summer holiday.

The 81-year-old chief of state is scheduled to preside at a meeting of his cabinet next Friday. It will be his first official act since he took back power from Prince Juan Carlos de Borbon.

Power was transferred to the prince after Franco's hospitalization in Madrid July 9 with an attack of thrombophlebitis.

Ruckelshaus Sees Pardon As Politics

GRANVILLE, Ohio (AP)— William Ruckelshaus, who held several high positions in the Nixon administration, said Tuesday night President Ford decided to act early in pardoning Richard Nixon to soften the political impact.

Ruckelshaus told a Denison University audience Ford was advised by aides to act "as quickly as possible because the sentiment of the country would build up on one side or other and the longer the problem festered the worse it would be for him."

Ruckelshaus, who directed the federal Environmental Protection Agency and FBI and was an assistant U.S. attorney general, said he supported Ford's decision.

He added he thought it would have been better to let the judicial process

be completed before granting a pardon.

"I think he thought that if he were going to divide the country on such an issue then he might as well do it now while he is riding a wave of popularity ..." Ruckelshaus said.

He declined to express an opinion about whether the other Watergate defendants should be pardoned.

Dean & Barry House Paint

makes your home look like a million

new Poly-Lin discovery keeps paint jobs looking much better longer

Poly-Lin is the wonderful new super-processed linseed oil that gives Dean & Barry house paint extra beauty, extra durability. And this means a scientifically improved house paint that fights-off premature aging and dull-out, keeps its good looks far longer to save important dollars for you.

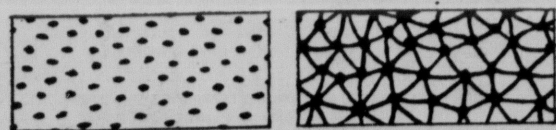

Here's Why: The structure of regular linseed oil used in conventional house paints is loose and open. It lacks the necessary strength to give maximum resistance to

weather and wear. Not so with Poly-Lin. Here the linseed oil is super-processed to give it a tighter, stronger, tougher structure.

That's why Dean & Barry house paint makes your home look like a million and keeps it looking better far longer. Good news, too: There's no extra cost for the extra beauty and longer life Poly-Lin gives. Now available in a much wider range of new and modern colors. See for yourself soon—or ask your painter-decorator to come in.

Dear Abby:

By Abigail Van Buren

Wills Everything To Ingrates

DEAR ABBY: My husband and I have been married for nearly two years. This is the second marriage for both of us. I was a widow with very little money, and he was a widower with quite a lot. We both have married children.

He just told me that he is leaving everything he has to his children. I get nothing. His children practically ignore him. They are just waiting for him to die. On the few occasions when he sees them, they show him no respect or consideration at all. My children treat him much nicer than his own do.

I am not a rich woman, but I made out a will to leave three-fourths of everything I have to my children and one-fourth to him. Should I change my will and leave my children everything?

He is 70, overweight and has high blood pressure. If he dies first and leaves me nothing, I will have to eat up my capital, and I am afraid I won't have enough to bury him. What should I do?

REMAINING ANONYMOUS

DEAR REMANING: Leave everything to your children. If he dies first, his children will be only too happy to bury him.

DEAR ABBY: My husband and I and our infant daughter recently moved into a new home. A friendly neighbor told me that if I needed a sitter, her 16-year-old daughter, Mary, was available. Last evening I hired Mary from 8 p.m. until 10:30 p.m.

When I left, the baby was asleep, so that all Mary had to do was sit. I instructed her NOT to accept any collect calls because my husband was out of town and the call would be wasted. I told her to help herself to a soft drink and some cookies if she wanted a snack. She said, "No thanks, I'm on a diet." (I believed her because she is terribly overweight.)

When I got home, Mary said, "Oh, your husband called. I forgot and accepted the call."

After she left, I noticed that my drawers had been rummaged through and that whole month's supply of birth control pills was missing! Later, I found two empty spaghetti cans and a carton from a half gallon of ice cream in the trash.

My question: Should I tell Mary's mother? That little sneak needs to be punished. My husband says to skip it.

UNDECIDED

DEAR UNDECIDED: Tell her mother. But not so she'll punish her daughter. (The last thing Mary needs is more punishment; she's already brutally punishing herself!) Tuesday a.m. and it is raining — oh, perish the thought that it should rain anymore this week on a small village that is looking forward to the fourth annual Williamsport Sulphur Spring Festival. Hardly is there another word in the English language (or any other for that matter) that can strike more dread in the hearts and minds of those working diligently to put together a festival than the word rain.

Soon to be 92 years old Art Frazier stopped in the other morning to give us the word that his son Ray Frazier of Angola, Ind. had spent the Labor Day weekend here in his old hometown. Daughter Mildred (Mrs. Dan Jording) and her Barbara of Dayton were additional Labor Day guests and coming over from Circleville on both Saturday and Sunday to be with dad were Ray and Helen Shoemaker.

Seven-year-old going on eight (Sept. 29) Brent Hosler, son of Harry and Myrna Hosler, is much better now after a bit of a rough time following a tonsilectomy at Berger Hospital. Grandmother Una Higman spent one week in the Hosler household during Brent's convalescing which was quite a source of comfort to both the patient and the parents. And baby brother.

Down from Flint, Mich. came the Rev. and Mrs. Leonard Marks and sons Tom, Tim, Tony and Terry, and Tracy and a friend named Cecil for a visit with good friends Bill and Polly Buskirk, Gina, Vicki, and Billy. They all attended the Mt. of Praise Camp Meeting at Circleville. On Sunday the Buskirks took the visitors on a tour of Deercreek Dam.

Franklin Man Given Sentence

LEBANON, Ohio (AP) — Thomas Bond, 22, of Franklin, was sentenced to 20-40 years in prison Monday following his conviction in Warren County Common Pleas Court on a charge of selling an hallucinogen.

Bond was arrested in July, 1973, following a raid at Franklin during which marijuana bricks, valued at \$40,000, were seized.

was met at the airport by his "new mom" Dolly, sister Vicki, brother Brad, this exchange student coordinator and my Amy. German, a handsome lad of seventeen, will be here for the entire school year.

Our exchange student daughter Maria Martha of Nicaragua who returned home in May is back in Cincinnati now as a freshman at Mt. St. Joseph and was supposed to come home for Labor Day weekend. Well, what did she do but get the measles and was confined for several days to the clinic at St. Joe's so Dolly Thompson and I sped to Cincy to cheer her up a bit since she was placed in isolation.

The college did not want an epidemic of measles so she was not permitted any student visitors and that made it really rough for my Maria. We had the joy of meeting Ana Arguello (Maria's cousin) and Maria Isabel, both freshman students from Nicaragua while we were down there.

If all goes well the three girls will be coming to Williamsport this Friday to spend the weekend and partake of all the Festival fun and goodies.

An end of summer vacation was enjoyed by Harry and Cora Young last week. They journeyed back to the scenes of Harry's youth and visited with family and renewed old friendships. Their first stop was at Louisa, Ky. and time spent with Harry's sister, Mrs. Frances Pigg and family, then his brother Johnny Young and family who reside in the home place, time with yet another sister and her hubby, Mr. and Mrs. Mont (Osie) Derefield and then brother Willie Young and his family.

Some of the kin are in the Blaine, Ky. area a beautiful, unspoiled, non-industrialized spot. Years and years ago it was considered the mouth of the Cherokee Indian reservation. The traveling Youngs observed the tobacco crop being harvested — the cutting and hanging of the tobacco leaves. A very good vacation.

The Easterday tribe — Papa Bill, myself, Amy, Becki and her attachment Mike McCain of Circleville, Ron and Marilyn Bush, Mike, Tim and Guy Bivens trooped up to Yatesville (where's that? Above Bloomingburg) for a fish fry and an evening of good conversation.

Also from our locale were Mr. and Mrs. Everett Moore (who will soon celebrate their 50th wedding anniversary).

We were at the home of Dick and Janet Barton and children. Among the 40 or 50 guests were "Bub" and Rita Stauffer, now of Chillicothe, but former area farmers. And, no, Lovell Hammond, I did not confuse your twin brother for you this time around. One total embarrassment in a life time is enough!

Forget all your cares and woes this week and join the crowd at the Williamsport Sulphur Spring Festival. That's where the action will be, we hope.

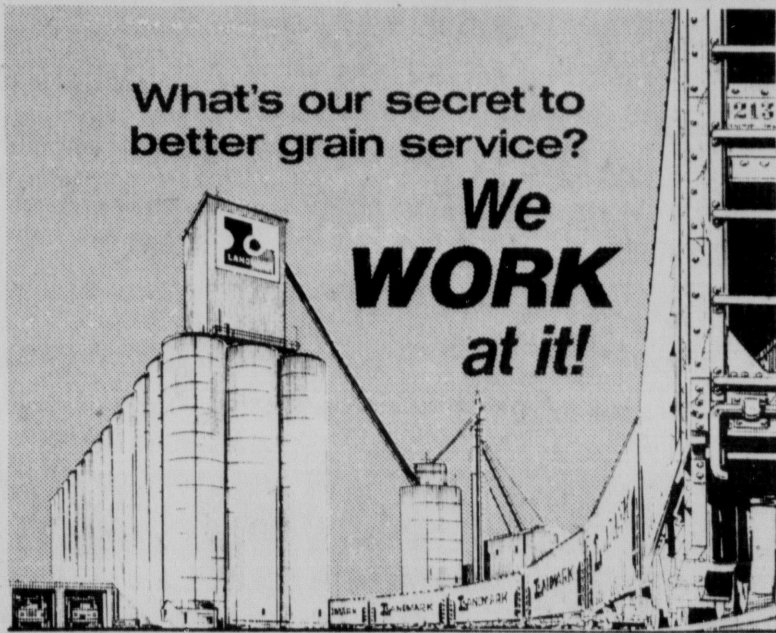

Be with you again next week, the Lord willing. Take care.

Think About: There is no conversation more boring than the one where everybody agrees. (Michel de Montaigne)

was met at the airport by his "new mom" Dolly, sister Vicki, brother Brad, this exchange student co-ordinator and my Amy. German, a handsome lad of seventeen, will be here for the entire school year.

Our exchange student daughter Maria Martha of Nicaragua who returned home in May is back in Cincinnati now as a freshman at Mt. St. Joseph and was supposed to come home for Labor Day weekend. Well, what did she do but get the measles and was confined for several days to the clinic at St. Joe's so Dolly Thompson and I sped to Cincy to cheer her up a bit since she was placed in isolation.

The college did not want an epidemic of measles so she was not permitted any student visitors and that made it really rough for my Maria. We had the joy of meeting Ana Arguello (Maria's cousin) and Maria Isabel, both freshman students from Nicaragua while we were down there.

If all goes well the three girls will be coming to Williamsport this Friday to spend the weekend and partake of all the Festival fun and goodies.

An end of summer vacation was enjoyed by Harry and Cora Young last week. They journeyed back to the scenes of Harry's youth and visited with family and renewed old friendships. Their first stop was at Louisa, Ky. and time spent with Harry's sister, Mrs. Frances Pigg and family, then his brother Johnny Young and family who reside in the home place, time with yet another sister and her hubby, Mr. and Mrs. Mont (Osie) Derefield and then brother Willie Young and his family.

Some of the kin are in the Blaine, Ky. area a beautiful, unspoiled, non-industrialized spot. Years and years ago it was considered the mouth of the Cherokee Indian reservation. The traveling Youngs observed the tobacco crop being harvested — the cutting and hanging of the tobacco leaves. A very good vacation.

The Easterday tribe — Papa Bill, myself, Amy, Becki and her attachment Mike McCain of Circleville, Ron and Marilyn Bush, Mike, Tim and Guy Bivens trooped up to Yatesville (where's that? Above Bloomingburg) for a fish fry and an evening of good conversation.

Also from our locale were Mr. and Mrs. Everett Moore (who will soon celebrate their 50th wedding anniversary).

We were at the home of Dick and Janet Barton and children. Among the 40 or 50 guests were "Bub" and Rita Stauffer, now of Chillicothe, but former area farmers. And, no, Lovell Hammond, I did not confuse your twin brother for you this time around. One total embarrassment in a life time is enough!

Forget all your cares and woes this week and join the crowd at the Williamsport Sulphur Spring Festival. That's where the action will be, we hope.

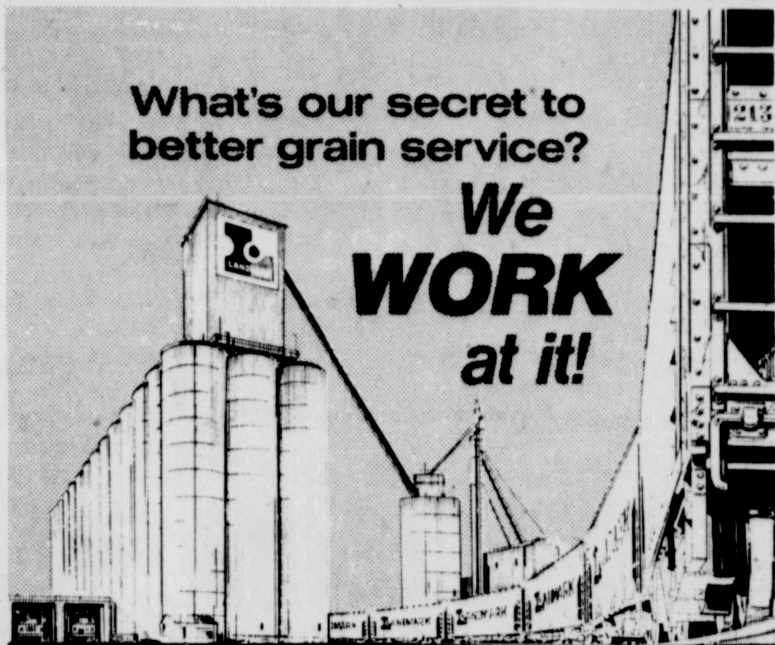

Be with you again next week, the Lord willing. Take care.

Think About: There is no conversation more boring than the one where everybody agrees. (Michel de Montaigne)

PRICING POLICY HELPS CUSTOMERS

Big Bear customers will receive the benefit of the lowest prices possible under a new pricing policy that went into effect Aug. 22 in every department of Big Bear Supermarkets.

Prices of items already on the shelves will not increase although new shipments of the same products may come into the store at new higher prices.

Lower priced items will be moved to the front of the shelves so customers may take advantage of the lower prices. As prices increase, the higher price will be stamped only on items used to restock the shelves.

Customers will immediately benefit from any price decreases. When a new shipment of a product comes in at a new lower price, all items, including those on the shelf marked at a higher price, will be marked with the lower price.

Items sold as specials will be the only exception to the new pricing policy. Any item that is not sold during the period when it is marked at a special lower price, will be remarked at the usual selling price.

Customers may also see a difference in the price of the same item if they shop in more than one Big Bear Supermarket. This happens when an item sells faster in one store than it does in another store. Higher priced new shipments of the same product will rotate to the front of the shelves faster in the store that sells more of that item.

The new policy was adopted at the request of some of our customers who are concerned about rapidly rising prices. We feel that the new policy will help our customers take advantage of the lowest possible prices in Big Bear Supermarkets.

Anyone who has questions about the new pricing policy may call Betty Brown at 614-221-5361 or write to Betty Brown c/o Big Bear Stores Co., 770 W. Goodale Blvd., Columbus, Ohio 43212.

Federal Pay Hike Really Necessary?

WASHINGTON (AP) — President Ford's deferral of a 5.5 per cent pay boost for federal employees has drawn a fusillade of protest from labor, and shapes up as a major test of his persuasive powers with Congress.

Ford has postponed the scheduled Oct. 1 raise until Jan. 1, thereby saving the federal payroll \$700 million in the name of fighting inflation. Federal employees unions want Congress to restore the original date.

Beyond that, such groups as the National Federation of Federal Employees, the American Federation of Government Employees and the National Treasury Employees Union are lobbying for a larger boost. Most are united behind an AFL-CIO proposal of 8.4 per cent.

Their reasoning centers on an inflation rate hovering around 12 per cent, plus government surveys showing increases in private industry wages of 6.3 to 7.1 per cent—surveys which are six months out of date.

Under the Federal Pay Comparability Act, Ford's delay of the pay hike—affecting 1.4 million civilians and 2.2 million military employees—can be overturned by a simple majority in either the House or Senate.

As president, Richard M. Nixon succeeded in postponing similar boosts for two successive years, but his third try in 1973 was overturned by the Senate.

"As far as federal employees are concerned, President Ford is a second-hand Nixon," says Nathan Wolkomir, president of the 120,000-member National Federation of Federal Employees. "Ford had the opportunity to prove to the career service that he really cared ... but he blew it. He showed he really doesn't understand."

Vincent Connery, president of the 50,000-member Treasury Employees Union, vowed "a rather massive protest" to Congress. The law allows 30 days for Congress to act, and Sept. 30 is the deadline.

Already the wheels are turning. Sen. Ted Stevens, R-Alaska, has introduced a resolution to overturn the delay, joined by Sens. Frank Moss, D-Utah, J. Glenn Beall, Robert Dole, R-Kan., and Mike Gravel, D-Alaska.

Chairman Gale McGee of the Senate Civil Service Committee is sympathetic, and has set hearings on the proposal. The Wyoming Democrat believes both that the increase should be higher and that it should come Oct. 1.

Even Sen. William Proxmire, D-Wis., a frequent critic of inflationary federal spending, has endorsed an October implementation. So has Senate Majority Whip Robert C. Byrd, D-W.Va.

While the federal bureaucrat can point to a number of statistics to show that his standard of living is slipping, there is still evidence aplenty that this lot isn't all that bad compared to other American workers. For example:

—A comprehensive survey by the Commerce Department showed that in 1973 the average salary for the federal civilian worker, including blue-collar jobs, was \$13,000. In private industry it was \$8,900.

—A Civil Service Commission survey of 12 leading private employers showed that none provided better fringe benefits than the federal service. Most notable in that area is the government's pension plan. It provides the retired worker up to 80 per cent of his salary, with guaranteed cost of living protection. While that's four to five times better than Social Security, the cost to the worker is about the same.

—A Library of Congress report showed that while average military pay was \$6,587.14 a year, a factor which tends to lower the salary averages government-wide, the man in uniform collected thousands in supplementary advantages. These included \$1,440 for housing, \$598 for food, \$473 in federal tax benefits, \$831 for "special items" such as hazardous duty, clothing and proficiency, \$770 for medical care, \$98 in commissary and exchange discounts and \$1,266 in retirement credits.

The salaries of federal workers began a dramatic surge during the Kennedy administration in an effort to attract better-qualified applicants. In the past decade, the civilian branch has received a dozen substantial

raises, and boosts for the military, particularly since its conversion to an all-voluntary force, have more than quadrupled pay levels in some cases.

The result is that while the entire government payroll, including the now-independent Postal Service, has remained static at about 5 million employees, the cost has more than doubled to \$60 billion.

White-collar jobs for college graduates start at the GS-5 level, where "step 1" will pay about \$8,500 presuming the upcoming increase holds at 5.5 per cent. Almost automatically, such an employee will be promoted to GS-7 after one year, GS-9, in another year, GS-11 two years after that, and then GS-12 in another two years.

Hence in seven years, he would be at a level with a salary range now set for \$18,500 to \$24,000.

While unions and some congressmen complain that that's not enough, the Civil Service Commission is swamped with applicants. Last year, 459,000 persons applied for 83,000 clerical openings; 187,500 applied for 12,500 junior executive slots; and 24,000 applied for 7,800 openings in engineering and scientific jobs.

County Teams Face Strong Opposition

LOGAN ELM BRAVES—Here are the Logan Elm Braves for 1974. Seated, from the left: Mark Kennedy, Steve Rawlins, Wes King, Brian Herron, David Hulse, Greg Justus, Brian Barr, Phil Manson, Steve Morrison, Jeff Reichelderfer, Wayne Linthicum. Kneeling: Coach Nick Damopoulos, Tim Davis, Bruce Debruin, Tim Justus, Bob Sargent, Seth Driesbach, Jerry Scanlan, Pat

Williams, Dale Reynolds, Scott Allen, Randy McKay, David Dean, David Calton, Coach Bill Frost. Standing: Coach Steve Barney, Floyd Woodgeard, David Kearns, Oscar Allen, John Sharrett, Dan Calton, Rick McCain, Rock Huggins, Joe Gumm, Gary Weaver, Rick Hoffman, Jeff McKay, David Cain, John Scanlan, Coach Perry Griffith.

Westfall, in the middle of a three-game home stand, will take on a talented Madison Plains team Friday and Logan Elm, which lost a heart-breaker last week, will travel to Millersport in the second week of grid action for the county schools.

Teays Valley will tackle Circleville's Tigers at Circleville.

Westfall, fresh from an opening 14-6 win over Berne Union last week, will be unleashing its Mustangs against winless Madison Plains.

The Golden Eagles were nipped by powerful Adena last Friday although they won most of the statistical battles.

The Mustangs, a run-oriented team, received excellent defensive efforts as they held Berne Union to minus two yards rushing and only 33 yards passing. A bad punt on a snap deep in Westfall territory cost them a shut-out.

John Long, a sophomore tailback who started last year on defense as a freshman, accounted for both WHS scores on runs of 11 and 8 yards.

The Mustangs totaled 214 yards on the ground and 24 passing.

Coach John Glanton will stick with last week's starting backfield. Gary Thompson, who tallied an extra point

run last week, will be the quarterback. Terry Stevens will be the fullback and Long will operate from the tailback post. Starting halfback will be Rick Stillings or Terry Hagerty.

Madison Plains, a group of rough Class AA players, failed on a conversion try against Adena and suffered a 7-6 loss.

Golden Eagle Jack Maggard got six points on a 3-yard run in the last five minutes of the game. Adena scored on a 25-yard dash in the third period.

Madison Plains amassed 11 first downs to 5 for Adena; 188 total yards to 155 for Adena; 125 yards rushing to 132 for Adena; and 63 yards passing to 23 for Adena.

The Eagle quarterback was 8 for 11 through the airways.

Logan Elm will have its hands full at Millersport, traditionally a powerhouse in the Mid State League.

The Lakers were shutout by Granville 17-0 last week in the opening game. Millersport coach Kenny Keener, an assistant last year and elevated to the head position to replace George Murphy who is now head coach at Watkins Memorial, blamed inexperience for his team's opening loss.

The Lakers have only eight return-

ing lettermen from last year's team that finished 6-4 in the Mid State. Only five seniors played on the starting offensive team, which was able to pick up only 114 yards, all but 21 on the ground. Sophomore Joe Guyselman was the leading ball carrier for Millersport with 62 yards gained in 12 attempts.

While inexperience is a big problem facing Millersport, they also face a lack of bench strength, a problem also experienced by Logan Elm.

In last week's opening game, the Braves showed an ability to capitalize on the mistakes of the opposition, a potentially fine kicking game with Wes King to do the place kicking, points after and kick offs and Dale Reynolds the punting, but lacked consistent play defensively.

Logan Elm Coach Perry Griffith has not selected a starting line-up for the game yet. Starters will probably be picked tonight, he said.

Everyone is healthy in the Brave camp.

Tribe Tops Tigers For 12-6 Win

CLEVELAND, Ohio (AP) — "If we keep playing the kind of baseball we are right now anything can happen," said Cleveland Indian Manager Ken Aspromonte, in reference to the Indians pennant chances.

The Indians increased their winning streak to three by blasting the Detroit Tigers 12-6 Tuesday night. The win kept the Tribe five and a half games off the pace in fourth place.

New York holds a two-game edge over the Boston Red Sox and the Baltimore Orioles, who are tied for second in the American League East Division.

"It's nice to break out with the runs like that," said Aspromonte. "(Froty) Peterson had a difficult time getting loose, but we got good relief jobs from (Bill) Gogolewski and (Milt) Wilcox."

Oscar Gamble, who went five-for-six at the plate and drove in five runs in the two games against Detroit, started scoring with a solo homer in the first inning.

The Tigers jumped back to take a 2-1 lead with Marv Lane's two-run homer in the second.

Then the Cleveland bats exploded and chased Tiger loser Mickey Lolich, 16-18, from the mound with six consecutive singles in the second inning, regaining the lead, 6-2.

Trumpy Sees Interest Dip

CINCINNATI (AP) — The trouble with playing the Cleveland Browns in the opening game of the regular season Sunday is it's Cleveland, said tight end Bob Trumpy of the Cincinnati Bengals.

Trumpy said he worried that fan interest might have waned in the game "because we've played them in so many exhibitions. Everybody knows we pull a few punches and they pull a few punches — it's a big chest game."

The Bengals and Browns drew only 36,000 fans to the preseason contest two weeks ago at Columbus, Ohio.

"We've always had real head busters" in the regular season said Trumpy.

Cleveland is ahead 7-6 in the regular season and Cincinnati's 34-17 late season victory pushed them into the Central Division of the AFC leadership.

"It's always tough to play Cleveland in the beginning of the season and remember how important it is," said the 6-foot-5, 240-pound four year veteran.

He said he, and his teammates, would rather be playing someone else while they are "getting things together."

"We've got to have at least a 1-1 record with the Browns in our division and hopefully 2-0 to have a shot at a division championship. I'm sure they feel the same way."

A total of 35 major college football players rushed more than 1,000 yards in 1973.

Truex Gets Starting Nod For Capital

Circleville's Dave Truex, now a sophomore at Capital University, will find himself starting at cornerback when the Crusaders take the field Saturday against Eau Claire.

The 6-foot, 190-pounder is one of two sophomores on the starting defensive squad.

Cap finished last season with a 4-4 mark and the Ohio Conference with a 1-4 record.

But Head Coach Gene Slaughter is talking about his first winning season since 1970 thanks to a group of fleet-freshmen.

County Teams Face Strong Opposition

LOGAN ELM BRAVES—Here are the Logan Elm Braves for 1974. Seated, from the left: Mark Kennedy, Steve Rawlins, Wes King, Brian Herron, David Hulse, Greg Justus, Brian Barr, Phil Manson, Steve Morrison, Jeff Reichelderfer, Wayne Linthicum. Kneeling: Coach Nick Damopoulos, Tim Davis, Bruce Debruin, Tim Justus, Bob Sargent, Seth Driesbach, Jerry Scanlan, Pat

Westfall, in the middle of a three-game home stand, will take on a talented Madison Plains team Friday and Logan Elm, which lost a heart-breaker last week, will travel to Millersport in the second week of grid action for the county schools.

Teays Valley will tackle Circleville's Tigers at Circleville.

Westfall, fresh from an opening 14-6 win over Berne Union last week, will be unleashing its Mustangs against winless Madison Plains.

The Golden Eagles were nipped by powerful Adena last Friday although they won most of the statistical battles.

The Mustangs, a run-oriented team, received excellent defensive efforts as they held Berne Union to minus two yards rushing and only 33 yards passing. A bad punt on a snap deep in Westfall territory cost them a shut-out.

John Long, a sophomore tailback who started last year on defense as a freshman, accounted for both WHS scores on runs of 11 and 8 yards.

The Mustangs totaled 214 yards on the ground and 24 passing.

Coach John Glanton will stick with last week's starting backfield. Gary Thompson, who tallied an extra point

run last week, will be the quarterback. Terry Stevens will be the fullback and Long will operate from the tailback post. Starting halfback will be Rick Stillings or Terry Hagerty.

Madison Plains, a group of rough Class AA players, failed on a conversion try against Adena and suffered a 7-6 loss.

Golden Eagle Jack Maggard got six points on a 3-yard run in the last five minutes of the game. Adena scored on a 25-yard dash in the third period.

Madison Plains amassed 11 first downs to 5 for Adena; 188 total yards to 155 for Adena; 125 yards rushing to 132 for Adena; and 63 yards passing to 23 for Adena.

The Eagle quarterback was 8 for 11 through the airways.

Logan Elm will have its hands full at Millersport, traditionally a powerhouse in the Mid State League.

The Lakers were shutout by Granville 17-0 last week in the opening game. Millersport coach Kenny Keener, an assistant last year and elevated to the head position to replace George Murphy who is now head coach at Watkins Memorial, blamed inexperience for his team's opening loss.

The Lakers have only eight return-

Williams, Dale Reynolds, Scott Allen, Randy McKay, David Dean, David Calton, Coach Bill Frost. Standing: Coach Steve Barney, Floyd Woodgeard, David Kearns, Oscar Allen, John Sharrett, Dan Calton, Rick McCain, Rock Huggins, Joe Gumm, Gary Weaver, Rick Hoffman, Jeff McKay, David Cain, John Scanlan, Coach Perry Griffith.

ing lettermen from last year's team that finished 6-4 in the Mid State. Only five seniors played on the starting offensive team, which was able to pick up only 114 yards, all but 21 on the ground. Sophomore Joe Guyselman was the leading ball carrier for Millersport with 62 yards gained in 12 attempts.

While inexperience is a big problem facing Millersport, they also face a lack of bench strength, a problem also experienced by Logan Elm.

In last week's opening game, the Braves showed an ability to capitalize on the mistakes of the opposition, a potentially fine kicking game with Wes King to do the place kicking, points after and kick offs and Dale Reynolds the punting, but lacked consistent play defensively.

Logan Elm Coach Perry Griffith has not selected a starting line-up for the game yet. Starters will probably be picked tonight, he said.

Everyone is healthy in the Brave camp.

Tribe Tops Tigers For 12-6 Win

CLEVELAND, Ohio (AP) — "If we keep playing the kind of baseball we are right now anything can happen," said Cleveland Indian Manager Ken Aspromonte, in reference to the Indians pennant chances.

The Indians increased their winning streak to three by blasting the Detroit Tigers 12-6 Tuesday night. The win kept the Tribe five and a half games off the pace in fourth place.

New York holds a two-game edge over the Boston Red Sox and the Baltimore Orioles, who are tied for second in the American League East Division.

"It's nice to break out with the runs like that," said Aspromonte. "Froty Peterson had a difficult time getting loose, but we got good relief jobs from (Bill) Gogolewski and (Milt) Wilcox."

Oscar Gamble, who went five-for-six at the plate and drove in five runs in the two games against Detroit, started scoring with a solo homer in the first inning.

The Tigers jumped back to take a 2-1 lead with Marv Lane's two-run homer in the second.

Then the Cleveland bats exploded and chased Tiger loser Mickey Lolich, 16-18, from the mound with six consecutive singles in the second inning, regaining the lead, 6-2.

Trumpy Sees Interest Dip

CINCINNATI (AP) — The trouble with playing the Cleveland Browns in the opening game of the regular season Sunday is it's Cleveland, said tight end Bob Trumpy of the Cincinnati Bengals.

Trumpy said he worried that fan interest might have waned in the game "because we've played them in so many exhibitions. Everybody knows we pull a few punches and they pull a few punches — it's a big chest game."

The Bengals and Browns drew only 36,000 fans to the preseason contest two weeks ago at Columbus, Ohio.

"We've always had real head busters" in the regular season said Trumpy.

Cleveland is ahead 7-6 in the regular season and Cincinnati's 34-17 late season victory pushed them into the Central Division of the AFC leadership.

"It's always tough to play Cleveland in the beginning of the season and remember how important it is," said the 6-foot-5, 240-pound four year veteran.

He said he, and his teammates, would rather be playing someone else while they are "getting things together."

"We've got to have at least a 1-1 record with the Browns in our division and hopefully 2-0 to have a shot at a division championship. I'm sure they feel the same way."

A total of 35 major college football players rushed more than 1,000 yards in 1973.

Truex Gets Starting Nod For Capital

Circleville's Dave Truex, now a sophomore at Capital University, will find himself starting at cornerback when the Crusaders take the field Saturday against Eau Claire.

The 6-foot, 190-pounder is one of two sophomores on the starting defensive squad.

Cap finished last season with a 4-4 mark and the Ohio Conference with a 1-4 record.

But Head Coach Gene Slaughter is talking about his first winning season since 1970 thanks to a group of fleet-freshmen.

Title Holder Wins Jug Preview Race

COLUMBUS, Ohio (AP) — Title Holder raced three quarters of the mile on the outside Tuesday night and still beat some of harness racing's most glamorous 3-year-old pacers.

"I felt I had a tough colt, but I didn't realize he could race this well parked out," said Tom Brinkerhoff, who drove Title Holder to a surprising victory in the \$26,000 Jug Preview at Scioto Downs.

"I didn't figure I had it won until the last 100 feet," Brinkerhoff said after his horse equalled the track record with a 1:57 4-5 mile.

Victims of the stunning trip were Boyden Hanover, who already has won one leg of pacing's Triple Crown this year; Peter Lobell and Keystone Presto.

Boyden Hanover finished third behind Title Holder and Pickwick Baron, but driver George Sholty seemed unpreberbed.

"I thought my colt raced well. He closed well. There were no problems," said Sholty, whose 3-5 favorite is expected to enjoy the same status next week for the Little Brown Jug, the second leg of pacing's Triple Crown, at the Delaware (Ohio) County fairgrounds.

Why did Brinkerhoff elect to race the winner so long on the outside?

"I was in the sixth post position and I knew it would take 28 seconds to win the last quarter. I didn't figure I could catch them," he said.

So Brinkerhoff put Title Holder on top near the three-quarter mark and the son of 1965 Jug victory Bret Hanover withstood Pickwick Baron by one-half length.

Boyden Hanover finished one and a half lengths behind.

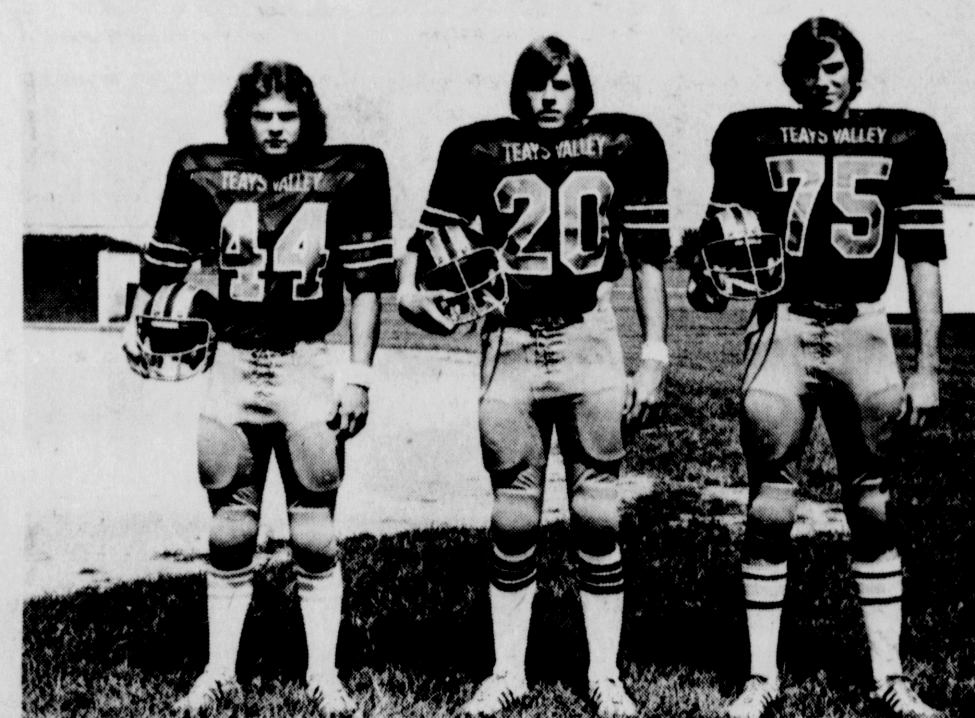

Title Holder's seventh straight victory assured him a spot in the Jug next Thursday, according to Brinkerhoff.

Title Holder, a 12-1 longshot, returned \$27, \$12.20 and \$3.80. Pickwick Baron, driven by Mel Turcotte, paid \$9.60 and \$3.40, and Boyden Hanover, \$2.20.

Title Holder's performance equalled the track pacing record previously shared by Osborne Creed and Jay Time.

Keystone Presto, considered the powerhouse of Billy Haughton's three-horse entry, finished fifth. Peter Lobell, winner of the Horseman Futurity at Indianapolis in 1:57 4-5, broke stride and finished 10th.

This May Be Bengals' Year In AFC Central

By FRED ROTHENBERG
AP Sports Writer

In the past, the only superstar on the Cincinnati Bengals has been their coach. His name is Paul Brown and he has a reputation for raising football teams into championship ones.

He did it with the Cleveland Browns a generation ago and he is on the verge of doing it with the young Bengals, who only came into the National Football League in 1968.

The Bengals are growing up and one mark of their maturity is that they do not think their coach is the only star in Cincinnati anymore.

"We know what we can do," said captain Royce Berry. "We're not a faceless team anymore. There's nobody better in the NFL than Mike Reid at defensive tackle and Isaac Curtis as a receiver. And outside of O.J. Simpson, we think we've got the best backfield combination."

That could spell bad news for the Pittsburgh Steelers, who were knocked from their perch as champions of the American Football Conference Central Division in 1973.

That could spell bad news for the Cleveland Browns, who haven't been the best NFL team in Ohio since 1972.

And then there's Houston. The Oilers have managed two total victories in the last two seasons. For them, any news is probably bad news.

Cincinnati Bengals

The Bengals took the AFC Central Division title last year with a 10-4 record, finishing ahead of the Steelers, also 10-4, because of a better record against division competition. And they did it by overcoming an injury-plagued 4-4 start with six straight victories including a 27-0 rout of Super Bowl runnerup Minnesota.

The Bengals are the youngest team in the league. The only player over 30 is kicker Horst Muhlmann and he has a very young foot.

Ken Anderson, 25, the Bengals' quarterback, was forced to go the distance without a strong backup last year, but he wasn't fazed, finishing the season with a 54.4 completion average, third best in the AFC. His 18 touchdown passes were second best in the conference.

Boobie Clark, AFC rookie of the year, is 23. The hard-running Clark teamed with the elusive Essex Johnson to provide the legs that carried the Bengals into the playoffs against Miami.

Johnson and Clark accounted for 1,983 rushing yards in 1973, finishing third and eighth among the NFL's top 10 ground gainers.

Curtis emerged as the solution to the Bengals' pass receiving problems. Curtis, 23, who can race the football field in 9.3 seconds, grabbed 45 passes and also appears headed for stardom.

Brown has constructed a strong, aggressive defense, but the trade of Bill Bergey to the Philadelphia Eagles leaves a big question mark at middle linebacker.

Brown has nominated third-year pro Jim Le Clair to solve the problem.

Pittsburgh Steelers

The Pittsburgh Steelers hope to be

busy playing — not watching — football on Jan. 12 in New Orleans at Superbowl IX.

And they have the luxury of three drivers to get them there.

Joe Gilliam won a three-way battle for the starting quarterback position after tossing for an NFL-high 11 touchdown passes in the preseason and leading the Steelers through their first undefeated exhibition schedule.

"We'll go with Joe in the regular season opener with Baltimore," Pittsburgh Coach Chuck Noll said after Thursday night's 41-15 blitz of the Dallas Cowboys. "I'm not displeased with anybody but Joe has just been tremendous."

"Nobody on this team is No. 1 or No. 2. All 47 players contribute."

It might be hard to convince quarterbacks Terry Bradshaw and Terry Hanratty that they're no No. 1 while they're sitting on the bench.

Wide receivers Ron Shanklin and Frank Lewis are back, challenged by impressive rookies Lynn Swann, the Pacific Eight's all-time leading pass receiver, and John Stallworth, Alabama A&M.

Franco Harris, a 1,000-yard ground gainer in 1972, was hampered by injuries last season while rushing for 698 yards, tops on the club. After rough going in the early preseason, Harris had his best game of the year Thursday night, rushing for 72 yards on 10 carries.

Even with injuries to key players last year like Harris, his running mate John Fuqua, and quarterbacks Bradshaw and Hanratty, the Steelers still managed to score the second most points in the NFL in 1973.

The Steelers' reputation historically is for defense and it's well deserved. This season should be no different; no team in the division gave up fewer points last year.

Cleveland Browns

Last season was the first time in three years that the Browns missed the NFL's annual playoff party.

Most of Cleveland's problems were on offense, where the Browns ranked 23rd in the entire NFL.

Gone are the days when the main Brown was Jimmy Brown, who would lead a devastating rushing attack. Last year's main Brown was Ken Brown, who rushed for a teamleading 537 yards. But he never scored a touchdown and his longest jaunt from scrimmage was 17 yards.

Leroy Kelly, the former All-Pro running back, was grabbed by the Oakland Raiders via the waiver route early in preseason.

During Kelly's premier seasons, he was the Browns' breakaway threat. Now the Browns hope second-year pro Greg Pruitt can pick up the slack. Pruitt averaged six yards per carry in 61 attempts last year.

Quarterback Mike Phipps, starting his fifth NFL season, again will be in control of the Cleveland offense. Phipps was the 10th-ranked quarterback in the AFC last year. He ran for five touchdowns and passed for nine, but 20 of his passes ended up in the hands of the opposition, an AFC

high.

Houston Oilers

"I do not wish to demean the Houston Oilers or the National Football League. I am just looking for a better means of employment."

Those words were spoken by the Oilers' No. 1 draft pick in 1973, John Matuszak, who waved goodbye to the Oilers and his contract two weeks ago when he signed with the Houston Texans of the World Football League.

And even though Matuszak was knocked out of the Texans' game two weeks ago by a court restraining order, he did get to see a Houston vic-

tory, which is as many regular season triumphs as he saw with the Oilers in 1973.

To make matters worse, Oilers' Coach and General Manager Sid Gillman were going to construct a 5-3 defense around the mammoth Matuszak.

And to compound matters even worse for the Houston defense, only five teams in NFL history ever have given up more points than the 447 the Oilers surrendered in 1973.

On offense, Houston had the worst rushing game in the NFL last year. Fred Willis led the ground game with

579 yards.

Willis also topped the entire conference in pass receiving, grabbing 57 passes coming out of the backfield. Ken Burroughs is the Oilers' long threat at wide receiver.

There doesn't seem to be much help from the Oiler rookies either as Houston had only 10 draft choices, their first coming after 78 other names had been called.

Dan Pastorini was the No. 1 quarterback last year, but Lynn Dickey guided the Oilers to their one victory.

John Matuszak just might have had the right idea.

Crosby Bird Wins

The Circleville Pigeon Club held its first 100-mile race of the young bird series Sunday with Stan Crosby the winner.

Crosby's bird made 1135.9575 yards per minute from Maysville, Ky. Crosby also took third and fourth place and won the loft and bird derbies.

Rick Ramey took second place, third, and fifth. His fastest time was 1133 yards per minute.

Veteran National League umpire Doug Harvey recently swallowed his chewing tobacco in Cincinnati when a fly flew into his mouth.

Reds Rip Padres In 5-2 Win

CINCINNATI, Ohio (AP) — Cincinnati Reds Manager Sparky Anderson, marveling at the performance of Don Gullett in beating the San Diego Padres 5-2 Tuesday night, juggled his pitching order to throw the lefthander against Los Angeles Saturday night.

"Don will be much more effective against the Dodgers at night," said Anderson.

Gullett was delighted with the news. "I want another chance at them. The whole club does. I think we can do it. Pitching with three days rest I'll be sharper, but maybe not as strong."

Gullett, 16-10, was beaten by Los Angeles in the series here, 3-1.

"I was especially surprised by my curve ball," said Gullett after fanning 11 Padres batters. "It was really breaking sharply and my fork ball was the best I ever had."

"So that's what it was," said the Padres' Willie McCovey, who struck out twice. "Gullett was as sharp as I've ever seen him."

The victory gave the Reds a sweep of the two-game series with San Diego, which has only won nine of its last 45 games.

"They are so demoralized," said the Reds' Pete Rose, "they look defeated before the game starts." Rose had six hits in the series.

Cincinnati has an 11-4 record against the Padres, while Los Angeles is 11-0 against them with seven games left. The Dodgers still lead the Reds by 3½ games in the National League West.

The Reds jumped on Joe McIntosh, 0-2, in the first inning when Tony Perez drove home Cesar Geronimo in the first inning. Darrel Chaney scored on a wild pitch in the next inning after hitting a triple. Ken Griffey's two-out double in 'he third scored Perez in the third.

Gullett gave up his 19th home run to Randy Elliott after retiring the first eight batters. It was Elliott's first major league clout.

"It felt real good," said Elliott, "I'm just sorry we didn't win."

In the sixth, Griffey scored on Rose' double to right and Gullett scored on Geronimo's sacrifice fly.

John Grubb singled in the ninth for the Padres, scoring Enzo Hernandez, who had doubled.

The Reds, with home attendance

now at 1,986,758, expect to go over the two million mark tonight when they host the Atlanta Braves.

It will be the last appearance here this year of Henry Aaron. The Braves will send Phil Niekro to the mound. The Reds scheduled Clay Kirby.

Lou Brock has made good on his promise to the fans of St. Louis.

Brock, who had said he wanted to break Maury Wills' stolen base record before the home fans at Busch Stadium, did just that Tuesday night, stealing second base in the first and seventh innings to boost his season total to 105 — one more than the standard set by Maury Wills in 1962.

"I'm glad to get it over with, although I'd have liked it to be during a winning game," said the incomparable Brock, whose Cards were beaten 8-2 by the Philadelphia Phillies.

Elsewhere in the National League, Pittsburgh beat Chicago 12-4, Los Angeles blanked Atlanta 1-0, Cincinnati beat San Diego 5-2, Montreal defeated New York 6-4 and San Francisco edged Houston 6-5 in 11 innings.

Wills said he had mixed emotions about seeing his record broken, but hailed Brock's outstanding performance.

"My hat's off to him," the former Los Angeles Dodgers' infielder said. "I never thought anyone would approach the record this soon, probably not in my lifetime."

The thefts came during the Cards' 142nd game and Brock's 134th. Wills stole his 104th base in the Dodgers' 165th game of the 1962 season.

After leading off the first inning with a single, he broke for second on the second pitch by Philadelphia right hander Dick Ruthven and easily beat the throw from catcher Bob Boone, which bounced into center field as Brock went to third.

In the seventh inning, Brock again waited until Ruthven had an 0-1 count on Ron Hunt before streaking to second, once again well ahead of Boone's wide throw to the bag.

The thefts by Brock, who has been thrown out 29 times this year, also lifted him to 740 for his career, eclipsing the mark of 738 set by Max Carey of the Pittsburgh Pirates in 1929. Only Ty Cobb, who had 892, and Eddie Collins, who had 743, stole more bases during their major league careers.

This May Be Bengals' Year In AFC Central

By FRED ROTHENBERG
AP Sports Writer

In the past, the only superstar on the Cincinnati Bengals has been their coach. His name is Paul Brown and he has a reputation for raising football teams into championship ones.

He did it with the Cleveland Browns a generation ago and he is on the verge of doing it with the young Bengals, who only came into the National Football League in 1968.

The Bengals are growing up and one mark of their maturity is that they do not think their coach is the only star in Cincinnati anymore.

"We know what we can do," said captain Royce Berry. "We're not a faceless team anymore. There's nobody better in the NFL than Mike Reid at defensive tackle and Isaac Curtis as a receiver. And outside of O.J. Simpson, we think we've got the best backfield combination."

That could spell bad news for the Pittsburgh Steelers, who were knocked from their perch as champions of the American Football Conference Central Division in 1973.

That could spell bad news for the Cleveland Browns, who haven't been the best NFL team in Ohio since 1972.

And then there's Houston. The Oilers have managed two total victories in the last two seasons. For them, any news is probably bad news.

Cincinnati Bengals

The Bengals took the AFC Central Division title last year with a 10-4 record, finishing ahead of the Steelers, also 10-4, because of a better record against division competition. And they did it by overcoming an injury-plagued 4-4 start with six straight victories including a 27-0 rout of Super Bowl runnerup Minnesota.

The Bengals are the youngest team in the league. The only player over 30 is kicker Horst Muhlmann and he has a very young foot.

Ken Anderson, 25, the Bengals' quarterback, was forced to go the distance without a strong backup last year, but he wasn't fazed, finishing the season with a 54.4 completion average, third best in the AFC. His 18 touchdown passes were second best in the conference.

Boobie Clark, AFC rookie of the year, is 23. The hard-running Clark teamed with the elusive Essex Johnson to provide the legs that carried the Bengals into the playoffs against Miami.

Johnson and Clark accounted for 1,983 rushing yards in 1973, finishing third and eighth among the NFL's top 10 ground gainers.

Curtis emerged as the solution to the Bengals' pass receiving problems. Curtis, 23, who can race the football field in 9.3 seconds, grabbed 45 passes and also appears headed for stardom.

Brown has constructed a strong, aggressive defense, but the trade of Bill Bergey to the Philadelphia Eagles leaves a big question mark at middle linebacker.

Brown has nominated third-year pro Jim Le Clair to solve the problem.

Pittsburgh Steelers

The Pittsburgh Steelers hope to be

busy playing — not watching — football on Jan. 12 in New Orleans at Superbowl IX.

And they have the luxury of three drivers to get them there.

Joe Gilliam won a three-way battle for the starting quarterback position after tossing for an NFL-high 11 touchdown passes in the preseason and leading the Steelers through their first undefeated exhibition schedule.

"We'll go with Joe in the regular season opener with Baltimore," Pittsburgh Coach Chuck Noll said after Thursday night's 41-15 blitz of the Dallas Cowboys. "I'm not displeased with anybody but Joe has just been tremendous."

"Nobody on this team is No. 1 or No. 2. All 47 players contribute."

It might be hard to convince quarterbacks Terry Bradshaw and Terry Hanratty that they're no No. 1 while they're sitting on the bench.

Wide receivers Ron Shanklin and Frank Lewis are back, challenged by impressive rookies Lynn Swann, the Pacific Eight's all-time leading pass receiver, and John Stallworth, Alabama A&M.

Franco Harris, a 1,000-yard ground gainer in 1972, was hampered by injuries last season while rushing for 698 yards, tops on the club. After rough going in the early preseason, Harris had his best game of the year Thursday night, rushing for 72 yards on 10 carries.

Even with injuries to key players last year like Harris, his running mate John Fuqua, and quarterbacks Bradshaw and Hanratty, the Steelers still managed to score the second most points in the NFL in 1973.

The Steelers' reputation historically is for defense and it's well deserved. This season should be no different; no team in the division gave up fewer points last year.

During Kelly's premier seasons, he was the Browns' breakaway threat. Now the Browns hope second-year pro Greg Pruitt can pick up the slack. Pruitt averaged six yards per carry in 61 attempts last year.

Quarterback Mike Phipps, starting his fifth NFL season, again will be in control of the Cleveland offense. Phipps was the 10th-ranked quarterback in the AFC last year. He ran for five touchdowns and passed for nine, but 20 of his passes ended up in the hands of the opposition, an AFC

high.

Houston Oilers

"I do not wish to demean the Houston Oilers or the National Football League. I am just looking for a better means of employment."

Those words were spoken by the Oilers' No. 1 draft pick in 1973, John Matuszak, who waved goodbye to the Oilers and his contract two weeks ago when he signed with the Houston Texans of the World Football League.

And even though Matuszak was knocked out of the Texans' game two weeks ago by a court restraining order, he did get to see a Houston vic-

tory, which is as many regular season triumphs as he saw with the Oilers in 1973.

To make matters worse, Oilers' Coach and General Manager Sid Gillman were going to construct a 5-3 defense around the mammoth Matuszak.

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR THURSDAY
ARIES (Mar. 21 to Apr. 20): Expand in operations going well, setting a better pace for speedier results. Stress your fine organizational ability.

TAURUS (Apr. 21 to May 21): A relatively easy day — once you get the gist of trends and go ahead at a steady tempo. Personal relationships highly favored.

GEMINI (May 22 to June 21): Don't let emotions dictate your actions — a tendency now. In all situations, fact facts be realistic.

CANCER (June 22 to July 23): Don't permit trifles to be blown out of proportion, distorting your innate perceptiveness and good judgment. Aim to ease tensions in close circles.

LEO (July 24 to Aug. 23): Some reviewing needed. Certain obstacles in your path will call for either more concentrated effort or a complete revision of plan, if they are to be overcome.

VIRGO (Aug. 24 to Sept. 23): You may feel somewhat hampered, restrained, where you would like more freedom. Look well before pressing beyond certain limits, however. Some of your goals may border on the unreasonable.

LIBRA (Sept. 24 to Oct. 23): A fine day in which to capitalize on your unusual gift of combining the artistic with the practical. You can produce some excellent results now.

SCORPIO (Oct. 24 to Nov. 22): Favorable Mars influences enliven this day. Strategic moves, clever headwork and taking calculated risks will be harbingers of highly successful results.

SAGITTARIUS (Nov. 23 to Dec. 21): Give a new twist to routine to break its monotony. If an endeavor does not turn out to your satisfaction, don't be pessimistic. Try another method.

CAPRICORN (Dec. 22 to Jan. 20): Great activity — along with a few snags! Prepared to expect the unexpected. Your innate ingenuity, however, and foresight will see you through.

AQUARIUS (Jan. 21 to Feb. 19): Neither fear to step into a new or changed picture, nor step in before you are ready. Know your ground sufficiently and the views of

associates, too.

PISCES (Feb. 20 to Mar. 20): If it will help to clear up a situation in sensible fashion, don't turn down any feasible suggestion. But discriminate between the astute and the rash.

YOU BORN TODAY are endowed with a keenly analytical mind, unusual resourcefulness and an engaging personality. Your versatility is outstanding, too, and there are many fields in which, properly trained, of course, you could carve out a highly successful career. You would make a brilliant scientist, inventor or lawyer or, in the arts, could excel as a writer or dramatist. In fact, where the theater is concerned, you could shine in almost any of its branches — as actor, director, producer or, superbly, as a critic. Your humanitarian impulses often lead you to take up "causes" and, in this field, your gifts for organization and promoting, would make your services invaluable. You are an excellent worker, always forthright and trustworthy; are not always as tolerant as you might be, however. Birthdate of: Richard Gatling, inventor of the machine gun; Maurice Chevalier, French entertainer; H. L. Mencken, Amer. author.

Ali-Foreman Countdown Begins

NEW YORK (AP) — The countdown has begun on what Muhammad Ali refers to modestly as "an event surpassing the moon landing."

In the final weeks of intensive training before leaving for Zaire, heavyweight champion George Foreman and challenger Ali displayed contrasting and highly individualistic approaches to their title fight on Sept. 24.

Browns Delay Release

CLEVELAND (AP) — The Cleveland Browns probably placed heavy emphasis on their offensive needs when deciding who would be axed to reduce the squad to 47 Tuesday.

It was necessary for the Browns to cut six more players prior to the 4 p.m. Tuesday deadline, but it was not necessary for them to release their names and they decided they would do that sometime today.

Views On Television

NEW YORK (AP) — Six premiere shows of as many series are coming up tonight on the three networks. As previously noted, three of the sagas are on our Dog-Alert advance warning list of wretched opening shows.

These are programs you can miss without undue harm to mind or spirit. They are CBS' "Sons and Daughters" and "The Manhunter," and ABC's "Get Christie Love." On the vaguely brighter side, you might find some good moments in NBC's "Little House on the Prairie" and "Petrocelli." A third NBC show tonight, "Lucas Tanner," wasn't available for advance screenings until after deadline time. It will be muller over later if the mull is working.

"Little House," based on the classic collection of childhood memories by Laura Ingalls Wilder, stars Michael Landon as the head of a Kansas family which has moved to rural Minnesota in the 1870s to start life anew.

Tonight's effort, dealing with that start, is a simple, straightforward and unexciting yarn emphasizing all of the positive virtues of rural America — hard work, honesty, attendance at church and neighborly ways.

It centers on how an impoverished Charles Ingalls (Landon) begins from scratch, first building a home for his wife and three daughters and then striking a cashless bargain with a hard-hearted local merchant to buy seed and a plow for the Ingalls' farm.

The show is beautifully photographed and Landon, co-star Karen Grassle, and

their colleagues all turn in sympathetic, low-key performances. But several things seem wrong with this effort.

The Ingalls family appears neat, too-well-scrubbed to convince me they live and work on a farm, where one does get dirty at times.

And the show seems excessively virtuous, almost as if the producers rounded up a 19th century version of "Apples' Way" and told the cast, "Now, dang it, get out there and be decent."

"Petrocelli," starring Barry Newman as a pin-striped big-city lawyer who sets up his shingle in a Southwestern town called San Remo, has a different kind of problem that eventually does it in.

The first 30 minutes are fairly lively and involve a murder, a frightened millionaire's wife charged with the murder, and the arrest of Petrocelli's wife (Susan Howard) on trumped-up prostitution charges.

The millionaire is properly power-mad and evil and the local lawman who makes the prostitution arrest appropriately corrupt and sinister. But the plot thins later on.

Newman's performance is wholly believable, despite the feeble chance the script gives him. And the other mummies are equally good.

But if tonight's show is any indication, "Perry Mason" is still with us, even if under a new name and in a new setting. The only difference is that Petrocelli got in a fist-fight in the show. Perry would never do that.

NEW YORK (AP) — Six premiere shows of as many sympathetic, low-key performances. But several things seem wrong with this effort.

The Ingalls family appears neat, too-well-scrubbed to convince me they live and work on a farm, where one does get dirty at times.

And the show seems excessively virtuous, almost as if the producers rounded up a 19th century version of "Apples' Way" and told the cast, "Now, dang it, get out there and be decent."

"Petrocelli," starring Barry Newman as a pin-striped big-city lawyer who sets up his shingle in a Southwestern town called San Remo, has a different kind of problem that eventually does it in.

The first 30 minutes are fairly lively and involve a murder, a frightened millionaire's wife charged with the murder, and the arrest of Petrocelli's wife (Susan Howard) on trumped-up prostitution charges.

The millionaire is properly power-mad and evil and the local lawman who makes the prostitution arrest appropriately corrupt and sinister. But the plot thins later on.

Newman's performance is wholly believable, despite the feeble chance the script gives him. And the other mummies are equally good.

But if tonight's show is any indication, "Perry Mason" is still with us, even if under a new name and in a new setting. The only difference is that Petrocelli got in a fist-fight in the show. Perry would never do that.

The show is beautifully photographed and Landon, co-star Karen Grassle, and

Kiwanians Tour DuPont

KIWANIS TOUR—Charles Hickey, left, and Tom Beckley, right, managers of the Circleville DuPont Plant, talk with Doyle Painter, program chairman for the Kiwanis Club prior to a tour of the plant facilities Monday. The men told Kiwanians that the Circleville plant was the first to manufacture Mylar, having begun production in 1954. Starting with a small number of employees, the plant has now grown to 1,350 employees and makes Kapton and Teflon films in addition to Mylar.

Charles Hickey and Tom Beckley, managers of the Circleville DuPont Plant, took Circleville Kiwanis Club members on a tour of the plant following their regular meeting at the Pickaway Arms Monday night.

PCCF Holds Training Sessions

The Pickaway County Community Fund conducted the first of its two training sessions, Tuesday with an estimated 30 persons present.

Ron Lundberg, training supervisor, discussed helpful hints for solicitors in collecting money for the drive. Lundberg emphasized the theme, "one drive collecting for ten agencies".

Agencies involved in Community Fund include, Salvation Army, Well Child Clinic, Red Cross, YMCA, Boy Scouts, Girl Scouts, Pre-Natal Clinic, Family Planning, Senior Citizens Center and Mental Health Association.

James River, PCCF Chairman, reported that students, kindergarten through sixth grade, in the county and city schools are involved in a poster contest for the drive.

The deadline for the posters is Sept. 16 when two winners from each school system will be announced, with the winning poster to be displayed in Circleville. Remaining posters will be displayed in their school districts.

River also noted that Mrs. Roliffe Wolford notified him that the missing red feather had met its demise four or five years ago, and that's why it couldn't be found.

Doyle Spangler, manager, Cellar Lumber Co., then offered his assistance and lumber to make a new A-frame, with DuPont also supplying some of the necessary items.

River states that, after he does some painting, the feather will hopefully be set up Monday.

Another session will be held 7:30 p.m. Thursday at the YMCA for those persons wishing to volunteer for the fund drive. The session is approximately an hour long.

For further information, interested persons should contact James River, 474-8040 or Kenny Speakman, 474-8602.

IRS Agents Will Enforce Game Tax

District Director of the Internal Revenue Service for southern Ohio said today that existing federal law provides for an annual occupational tax of \$250 on coin-operated gaming devices, including pinball machines, vending machines, and similar devices which dispense a variety of articles where the values of some articles may be greater than the value of the coin required to operate the device.

The tax is imposed on every person who maintains for use or permits the use of such devices in any place or premises occupied by him.

The District Director has recently been made aware of the fact that such machines are located in business establishments throughout the southern Ohio District. In many cases, the tax has not been paid on these machines. The most widespread abuse of this law appears to be in the devices that dispense such items as small cameras, miniature radios, cigarette lighters, etc. It is quite possible that many establishments that permit the operation of these machines are not aware that these devices are taxable.

The District Director urges these taxpayers to either pay the tax or have these devices removed from the premises. In the near future, Internal Revenue Agents will be making compliance checks to locate these taxable machines. Those taxpayers who do not voluntarily comply with the law may be subject to enforcement action.

the safest in the DuPont chain, presently being the third safest of the 92 U.S. plants.

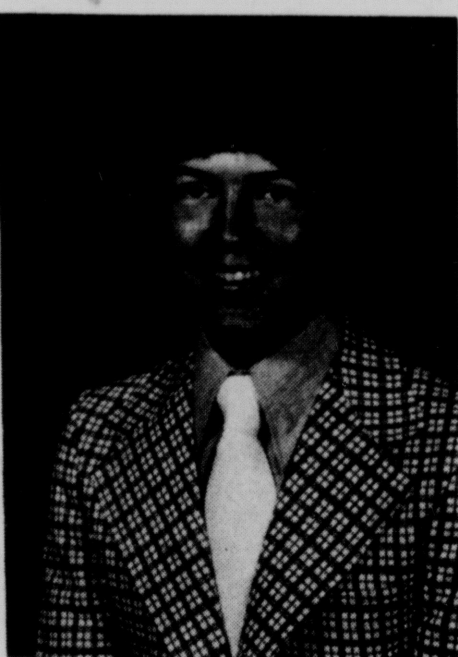

Production process was explained to the Kiwanians, who toured the Mylar facilities with Doyle Painter, Nick Apostolakis, and Charles Reid acting as guides. Refreshments were served in the plant lunchroom following the tour.

In the regular meeting, President Fred Bower read a letter to the club from the Senior Citizen Center expressing thanks for the \$100 donated by the club during the past year.

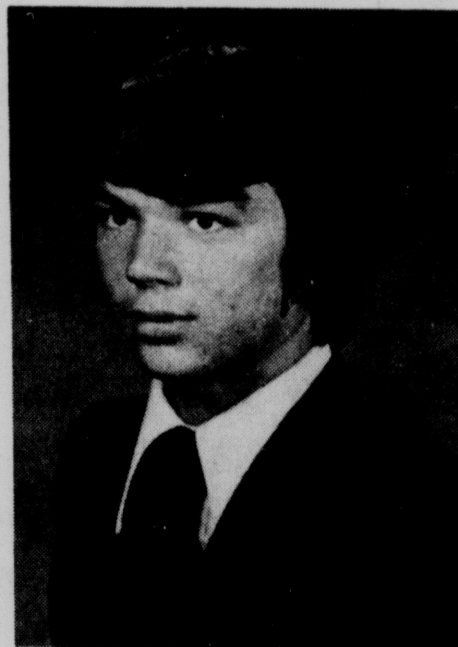

They also thanked club members for financial support given to the Meals-On-Wheels program in Circleville.

Bower also displayed the Community Service Award which had been presented to Kiwanian Dave Gillespie for his fine work with senior citizens during the year.

Pickaway Unemployment Rate Below 5 Per Cent

The unemployment rate stood at 4.6 per cent of the labor force in Pickaway County in July according to figures released by the Bureau of Unemployment Services.

Possible civilian labor force for the county in July was about 16,225 persons, according to the report, which showed that 750 persons, 275 women, were jobless.

During July, Circleville had approximately 11,700 residents while Ashville had close to 1,800 residents.

According to the 1970 census, about one-third of the county's resident jobholders commuted to work, mainly in Franklin County.

During July, about three-tenths of all workers living in the county were on factory payrolls and some one-seventh were government personnel. The principal manufacturing industries were chemicals, electrical equipment, stone-clay-glass, fabricated metals, paper, food, rubber, and machinery. Items turned out in local establishments included chemical products, fluorescent lamps, corrugated boxes, paper, livestock feeds, dairy products, ready-mix concrete, and farm equipment.

Among the men registered for work through offices of the Ohio Bureau of Employment Services who were residents of Pickaway County, nearly one-fourth were structural workers. One-ninth each were in the clerical-sales, professional-managerial, and machine trades classifications while one-twelfth had held service jobs. Of the women applicants during the reference month, one-third were clerical or sales personnel. Three-tenths were trained for service positions and one-tenth were in the bench work group. Five-sixths of the total registrants were younger than 45. Some of these men and women had been administrative clerks, sewers, metal unit assemblers, truck drivers, packagers, and material handlers.

During July, roofers were needed in

Pickaway County for the construction industry.

Manufacturing employers in Pickaway County usually offer entry hourly wage rates which fall within the following limits. Men and women: unskilled, \$2.20 to \$2.75; semiskilled, \$2.35 to \$3.25; skilled, \$3.25 to \$4.05. In recent years, average weekly earnings of County factory workers covered by the Ohio Unemployment Compensation Law have been about one-twelfth below the average for the state.
